

Your complete guide to physio & equipment consumables

WELCOME TO YOUR COMPLETE SOLUTION FOR PHYSIO CONSUMABLES

Thank you for taking the time to peruse our Amtech Physio Catalogue. We've worked hard to compile a comprehensive range and have partnered with the world's leading agencies and manufacturers. We hope this catalogue provides you with up-to-date innovative products in Physio Consumables, Rehabilitation Products, Medical Sports Essentials and Allied Health Necessities.

Amtech has made it our business to understand your business. With over 15 years experience building highly effective partnerships with medical professionals we know your industry because it's our industry too. We also know change is constant and endeavour to look for innovating and creative ways to provide you with the best products on the market, in value and range. This is our company goal and our promise to you.

With thanks to our passionate and enthusiastic customers, staff and suppliers, Amtech are able to offer the latest in Allied Health Products & Consumables direct to New Zealand's Health Professionals.

A handwritten signature in black ink, appearing to read "CA Anderson". The signature is fluid and stylized, with a large initial "C" and "A".

ABOUT US AMTECH

We make it **easy** for you
to do business with us

At Amtech, we make it our business to understand your business. With over 15 years experience building highly effective partnerships with medical professionals, we know your industry because it's *our* industry too.

We understand the urgency, so we guarantee overnight delivery within New Zealand for all of our orders. We pick, pack and prioritise your order with care, and work hard to ensure it arrives at your door as fast as possible.

We believe we have an obligation to keep the process as simple and easy as we can, so that you can spend more time helping the people in your care.

GILLY DAVY

Clinical Director and Senior Neurological Physiotherapist
Connect Neurophysiotherapy

Amtech have responded to my equipment requests and orders with extreme effectiveness. Ordering was easy, delivery was the next day and the customer service team were knowledgeable and helpful. I look forward to working with Amtech for my equipment needs into the future.

EMMA O'KANE

Practice Manager
Mr. Rodney Gordon

Dr. Rodney Gordon

We have been using Amtech for years and have always found them to be exceptional. Friendly knowledgeable Sales Team who keep us up to date with the latest products. Fast delivery of goods (if there is an issue with supply they are very good at keeping us updated with expected timelines), and they include a block of chocolate with their orders (which we all look forward to!). They are a pleasure to deal with.

DANNI COUGHLIN

Clinical Nurse Leader
Skin Institute Takapuna

The process of becoming an Amtech client was a smooth one. There was a bit of hard work involved in establishing the list of items we wanted stocked and in what amounts, but the process was made easier by the wonderful staff. Amtech provide a very high quality and prompt service, and have a great 'if we don't have it, we will do our best to get it for you' attitude. Any requests or queries are answered immediately. I would not hesitate to recommend Amtech to others.

Web Hand Exerciser

DESCRIPTION

- Flexion, extension, opposition and supination exercises can be performed using the Fortress exercise web
- Assists patients recovering from hand or wrist surgery
- Resistance can be modified by adjusting the hand position, depth of finger insertion or by moving to a different resistance (colour) web

CODE	COLOUR	STRENGTH
S3640	Yellow	Light
S3641	Red	Medium
S3642	Green	Heavy
S3643	Blue	X-Heavy
S3644	Black	XX-Heavy

Twist and Bend Bar

DESCRIPTION

- Lightweight, portable exerciser designed to strengthen muscles in the hand, wrist and shoulder
- Promotes co-ordination and increases range of motion
- Consistent bar diameter and length throughout resistances means you use the same muscles with each resistance

CODE	COLOUR	STRENGTH
S3651	Yellow	Light
S3652	Red	Medium
S3653	Green	Heavy
S3654	Blue	X-Heavy
S3655	Black	XX-Heavy

FORTRESS EXERCISE Rainbow Theraputty

DESCRIPTION

- The global standard in resistive hand exercise material
- Each colour coded putty has a different consistency ranging from soft to strong
- Helps promote increased range of motion, finger flexion and tendon gliding
- Smaller container for home use and larger containers for hospital and clinic use
- Latex and Gluten Free

CODE	COLOUR	SIZE	STRENGTH

LOCKEROOM Pocket Physio

DESCRIPTION

- Pocket Physio's are a specifically designed product to allow individuals to perform self managed trigger point therapy
- Pocket Physio's have a large base and rise to a soft point which allows very accurate

placement to manage tightness in muscles

- They are made from a latex free rubber and are available in a variety of colours

CODE	DESCRIPTION
S3736	Pocket Physio - Individual
S3737	Pocket Physio - Packet of 20
S3738	Pocket Physio Max

Backknobber

DESCRIPTION

- This simple, meticulously designed, deep muscled massage tool provides a way for people to manage chronic muscular pain both on their own and in conjunction with professional medical treatment and

therapy

- To be hooked over the shoulder or under the arm so that one of the two ends can be pressed into any of the muscles of the upper or lower back or neck
- Natural shape and dimensions allow the user to apply as much pain releasing pressure for as long as required to achieve its remarkable effects

CODE	DESCRIPTION
S3723	Backknobber

Jacknobber

DESCRIPTION

- Moulded in highly durable, richly coloured polymer
- The unique, ergonomic design massage tool makes it ideal for clinic home or home
- Allows pain-releasing pressure to the back, neck,

shoulders and to muscles throughout the body

- The knobs at each of its four points can be used in a variety of ways to apply deep pressure to muscular trigger points

CODE	DESCRIPTION
S3722	Jacknobber

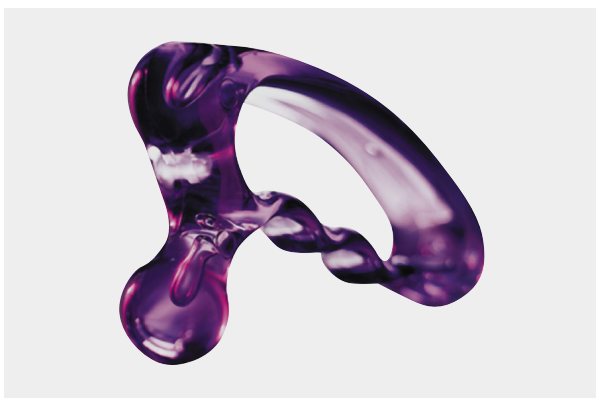

Indexknobber

DESCRIPTION

- This simple, ergonomic device is designed primarily for hands on therapists and care givers to apply deep, ischemic compression of muscular trigger points as well as relaxing massage
- Moulded in highly durable, richly coloured polymer

- Permits the therapist to apply sustained, precise pressure to trigger points while protecting against fatigue and overuse injury of the therapists own hand and forearm
- Its carefully designed shape offers several different hand positions for holding

CODE	DESCRIPTION
S3724	IndexKnobber

Palmassager

DESCRIPTION

- Hold it firmly in the palm of the hand and use one, two or three of its smooth, round knobs to massage tense, tired or sole muscles of the neck, back, shoulders, arms or legs

- Ergonomically placed finger holds at the base of each leg provide for optimum comfort and control

CODE	DESCRIPTION
S3721	Palmassager

kinetec[®] Spectra[™]

Mechanical and digital innovation sets Spectra apart as the Knee CPM of choice. This is the ideal choice and our most popular CPM in New Zealand.

TECHNICAL DATA

- Broad bearing surface improving stability
- Detachable remote control which facilitates maintenance
- Large LCD screen
- Possibility to block the adjustment of the parameters
- Exclusive Load Reserve ensures patient protection when excessive force

- is exerted on the joint
- Range of motion: -10° to 120°
- Speed (in °/minute): from 45°/min to 155°/min
- Weight: 12kg
- Dimensions: 950 x 330mm
- Height: 33cm
- Sizes of the patient: from 1.45m to 1.95m

Full leg: 71 to 99cm
Tibia: 38 to 53cm,

- Femur: 33 to 46cm
- With paediatric foot plate (in option):
Full leg: 53 to 109cm
Tibia: 20 to 56cm
- Maximum patient body weight: 135 kg
- The patient can stop and reverse the movement at any time

CODE	DESCRIPTION
E861	Kinetec Spectra [™]

kinetec[®] Spectra XL[™]

An unbeatable combination of great design and the strength required for Bariatric patients.

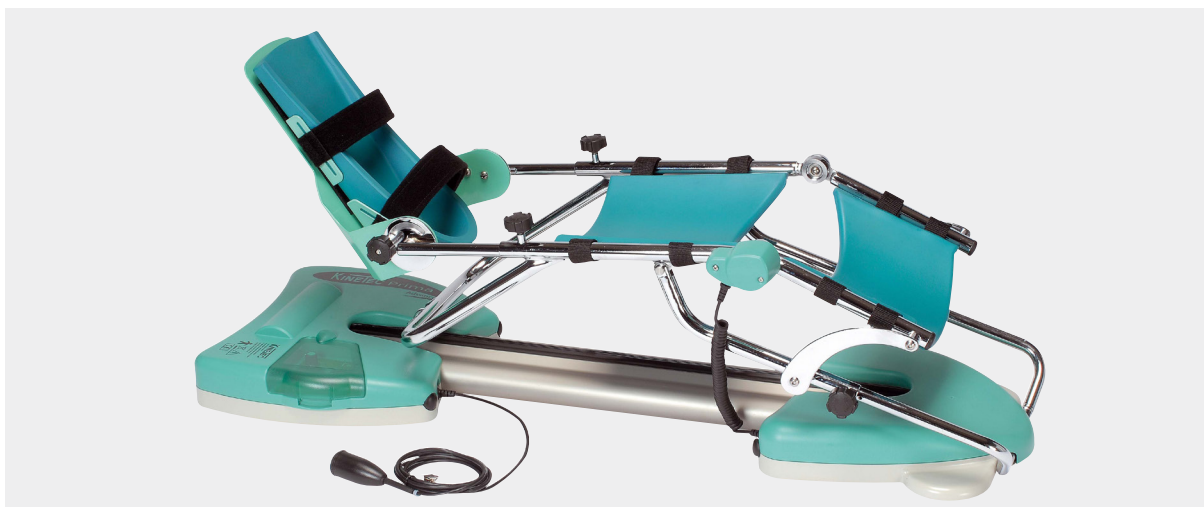

TECHNICAL DATA

- The Anatomically Correct system increases the comfort of the patient and decreases the points of pressure
- Patient lock-out prevents accidental program changes and potential injury
- Speed (in °/minute): from 60°/min to 170°/min
- Weight: 13kg

- Dimensions: 940 x 330mm
- Carriage width: 32cm
- Patient Sizing:
 - Full leg: 71 to 99cm
 - Tibia: 38 to 53cm
 - Femur: 33 to 46cm
- Maximum patient body weight: 227 kg
- Exclusive load reverse ensures patient protection when

- excessive force is exerted on the joint
- Simple hand control: Start/Stop/Reverse
- The patient can stop and reverse the movement at any time

CODE	DESCRIPTION
E862	Kinetec Spectra XL [™]

kinetec® Prima Advance™

With simple and straightforward movement adjustments (angular limits, speed and patient sizing), the Kinetec Prima Advance™ is the most intuitive and quick to install device currently available.

TECHNICAL DATA

- Range of motion: -5° to 115°
- Speed (in °/minute): from 40°/min to 145°/min
- Weight: 12kg

- Dimensions: 940 x 330mm
- Carriage width: 23cm
- Sizes of the patient: from 1.45m to 1.95m
 - Full leg: 71 to 99cm
 - Tibia: 38 to 53cm,
 - Femur: 33 to 46cm
- Maximum patient body weight: 135 kg
- Exclusive load reverse ensures patient protection when excessive force is exerted on the joint
- Simple hand control: Start/Stop/Reverse
- The patient can stop and reverse the movement at any time

CODE	DESCRIPTION
E863	Kinetec Prima Advance™

kinetec® Performa™

The Ideal choice of CPM for knee rehabilitation. Anatomical design perfectly matches natural knee movement.

TECHNICAL DATA

- Broad bearing surface improving stability
- Possibility to block the adjustment of the parameters
- Exclusive Load Reserve ensures patient protection when excessive force is exerted on the joint

- Range of motion: -3° to 130°
- Speed: from 50°/minute to 220°/minute
- Weight: 15kg
- Dimensions: 1090 x 330mm
- Height: 33cm
- Sizes of the patient: from 1.12m to 2.06m
 - Tibia: 32 to 60 cm, Femur: 26 to 50 cm
- Maximum patient body weight: 135 kg
- The patient can stop and reverse the movement at any time

CODE	DESCRIPTION
E864	Kinetec Performa™

kinetec[®] Centura[™]

The Kinetec Centura Anatomical Shoulder CPM Machine is the ideal choice for hospital shoulder rehabilitation.

- Synchronisation system
- Flexible and evolutionary machine
- Soft chair for patient comfort
- Provides post-operative passive range of motion
- Prevents joint stiffness, oedema, soft tissue contractures and muscles atrophy
- Patient set-up is anatomical, comfortable and quick with a colour-coded set-up system
- Movements available: Extension/Flexion, Adduction/Abduction, Internal/External Rotation, Synchronized Movement Adduction/Abduction + Internal/External Rotation. Horizontal Abduction available on option

CODE	DESCRIPTION
E865	Kinetec Centura [™]

kinetec[®] Maestra[™]

The CPM Solution handling every single hand and wrist pathology.

- Flexor and extensor tendon tenolysis
- Aponeurectomies for Dupuytren's disease
- Open reduction and internal fixation of intra-articular, diaphyseal, metaphyseal and epiphyseal fractures of the phalanges
- MCP arthrolysis
- Prosthetic replacement of the MCP, PIP and DIP joints
- Rheumatoid/neurological or post-burn stiffness
- Capsulotomies, arthrolysis and tenolysis for post-traumatic stiffness of MCP, PIP and DIP joints
- Synovectomies
- Movements available: Pronation/Supination, Wrist Flexion, Wrist Flexion+MP, Ulnar deviation, MP, PIP, DIP Extension/Flexion, Complete Fist, Thumb Opposition

Eurofix Retention Tape

FEATURES

- Elastic polyester net plaster which allows air permeability
- Soft, skin respectful and highly hypoallergenic
- Allows a comfortable adhesion to the skin that is not weakened by water and secretions
- Pre-cut silicone paper to make separation easier upon use
- Blue printed lines to help guide custom cutting

CODE	DESCRIPTION	SIZE
AT513	Eurofix Retention Tape	5cm x 10m
AT523	Eurofix Retention Tape	10cm x 10m

Hypafix Non-Woven Dressing Retention Sheet

FEATURES

- Hypafix is a self-adhesive, non-woven fabric sheet for secure and rapid fixation
- Made from white polyester material and coated with hypoallergenic adhesive on quick-release backing paper
- Provides complete coverage of the entire dressing, thus reducing the risk of contamination

CODE	DESCRIPTION	SIZE
AT515	Hypafix Non-Woven Dressing Retention Sheet	2.5cm x 10m
AT512	Hypafix Non-Woven Dressing Retention Sheet	5cm x 10m

Fixomull Stretch

FEATURES

- Fixomull Stretch is a wide area adhesive tape, especially suitable for use on frequently mobile and highly contoured parts of the body
- It is made from a white, stretchable, non-woven polyester dressing sheet coated with skin-friendly polyacrylate adhesive on quick-release backing paper
- The adhesive ensures the dressing is firmly secured on all sides and cannot slip or become detached

CODE	DESCRIPTION	SIZE
AT511	Fixomull Stretch	5cm x 10m
AT518	Fixomull Stretch	10cm x 10m

inMOTION Lite EAB Hand-Tearable

DESCRIPTION

- Easily torn by hand for quick application
- Lightweight construction
- Strong and conforms very well
- Very effective overwrap for Rigid Tape

CODE	DESCRIPTION	SIZE	QTY
B229	InMotion Lite EAB Hand-Tearable	5cm x 6.9m	24 Rolls
B230	InMotion Lite EAB Hand-Tearable	7.5cm x 6.9m	16 Rolls

Leukoband Lite Hand Tearable

FEATURES

- Lightweight and hand tearable elastic adhesive bandage used for compression and support with a degree of flexibility
- Quick and easy to apply
- Ideal for active sports of all kinds

CODE	SIZE	QTY
B231	5cm x 3.5m	24 Rolls
B232	7.5cm x 3.5m	16 Rolls

inMOTION Sports EAB

DESCRIPTION

- Manufactured with a smooth 100% cotton backing
- Designed for the support and compression of joints and muscles
- Quick and easy to apply
- Zinc oxide adhesive ensures strength and stability

CODE	SIZE	QTY
B233	2.5cm x 4.5m	24 Rolls
B234	5cm x 4.5m	12 Rolls

inMOTION Sports EAB Cotton

DESCRIPTION

- A hand-tearable elastic adhesive bandage, which means no scissors are required
- Quick and easy application.
- "Blood-Bin" treatment helps prevent further bleeding

CODE	DESCRIPTION	SIZE	QTY
B227	InMotion EAB Cotton	5cm x 4.5m	12 Rolls
B228	InMotion EAB Cotton	7.5cm x 4.5m	12 Rolls

Leukoband EAB

FEATURES

- Used for the compression and support of muscles and joints
- Features an aggressive zinc oxide adhesive bandage, which maintains strength and stability without the unnecessary bulk
- 100% cotton backing material

CODE	SIZE	QTY
B242	2.5cm x 2.75m	24 Rolls
B243	5cm x 2.75m	12 Rolls
B244	7.5cm x 2.75m	12 Rolls

Foam Underwrap

DESCRIPTION

- The foam underwrap is used to avoid the pain of removing zinc oxide adhesive bandages and tapes applied directly to the skin
- Protects the skin from irritation due to repeated applications of adhesive coated tapes and bandages

CODE	DESCRIPTION	SIZE
AT313	Foam Underwrap	70mm x 27.4m

Prime Orthopaedic Padding

DESCRIPTION

- Soft synthetic cast padding is composed of a blend of 85% polyester and 15% polyolefin providing excellent protection and comfort to the patient
- Polyester retains good wicking properties, which allows it to transport moisture and rapidly dry out

CODE	DESCRIPTION	SIZE
PPCW200	Prime Hygiopaedic Orthopaedic Padding	50mm x 2.7m (Each)
PPCW201	Prime Hygiopaedic Orthopaedic Padding	75mm x 2.7m (Each)

Plastic Finger Applicator

- For non-elasticated tubular bandages

CODE	DESCRIPTION
B145	Plastic Finger Applicator for Non-Elasticated Tubular Bandage

Adhesive Spray

FEATURES

- Pre taping sticky spray
- Increased adherence
- Ideal for moist/sweaty skin
- Provides an ideal layer for adhesive bandages and tapes, promoting excellent adhesive traction

NB: Limited Stock.

CODE	DESCRIPTION	SIZE
TP583	InMotion Adhesive Spray	200ml

Ice Spray

FEATURES

- Cools and relieves pain associated with contusions, sprains and strains damaging
- Fast, non-staining
- Topical coolant evaporates from your skin, lowering the surface temperature

CODE	DESCRIPTION	SIZE
TP477	Ice Spray	200ml

Remove* Wipes

FEATURES

- Remove* wipes contain a gentle solvent used for the removal of adhesive dressings, and residues from the skin without irritation or trauma. They are formulated to moisturise and condition tender or damaged skin, and are easy to apply

- Effectively removes hydrocolloid, acrylic and rubber based medical adhesives

CODE	DESCRIPTION	SIZE
A346	Remove* Wipes	Box 50

Skin-Prep*

FEATURES

- Provides a protective coating for the skin to prevent excoriation
- Skin-Prep* protective dressing forms a barrier between the patient's skin and adhesives to help preserve skin integrity and prevent insult or injury during removal of tapes and dressings

CODE	DESCRIPTION	SIZE
A347	Skin-Prep*	Box of 50 Wipes

Alcohol Prep Pad

FEATURES

- Saturated with 70% Isopropyl alcohol
- Sterile wrapped, non-woven
- Effective for cleansing skin prior to injection

CODE	DESCRIPTION	SIZE
A356-200	Alcohol Swabs	Box of 200

Non Alcohol Wipes

FEATURES

- Ideal for first aid and basic medical applications
- Great for cleaning skin prior to application of dressings
- Contains Cetrimide

CODE	DESCRIPTION	SIZE
A424	Antiseptic Towelette Sachets	Box of 100

ORTHOPAEDIC BRACES & SUPPORTS

ORTHO^{LIFE} MOST COMPLETE RANGE OF WALKERS

Amtech is the approved distributor of Ortholife products in New Zealand

ORTHOLIFE® STRIDER Tall Walker

FEATURES

- Super lightweight - ventilated shell system
- Medial/lateral air bladders offer customised compression to increase comfort and reduce edema
- Rocker sole promoting a natural gait
- Shock-absorbing insole reduces impact of the heel strike
- Breathable fitted contoured liner
- Easy three strap closure
- Fully integrated pump, no separate hand pump
- Quick/easy to fit
- Patent pending

INDICATIONS

- Grade II/III ankle sprain
- Stable fracture of the fibula, talus, calcaneus and medial malleolus
- Post ligament, soft tissue and tendon surgery
- Forefoot or mid foot injury
- Post-Operative use

ORTHO^{LIFE} Ankle Support

FEATURES

- Adjustable Velcro strap for custom fit providing support and relief from arthritis and tendonitis
- Lightweight and comfortable for all-day wear, allows ankle to remain flexible
- Fits easily inside most shoes

CODE	SIZE
SOA444	Universal

ORTHO^{LIFE} Air/Gel Ankle Brace

FEATURES

- Combined air and gel bladders for cold therapy and even-distributed pressure
- Anatomically-contoured plastic shell
- Simple to apply and adjust by two circumferential straps
- Easy adjustable heel strap
- Fits right and left foot

INDICATIONS

- Mild to moderate ankle sprain
- Chronic ankle instability
- Prophylactic and therapeutic use in sport activities

FUNCTIONS

- Rigid contoured outer shells control inversion or eversion while allowing for normal dorsi-flexion

CODE	SIZE
SOA281	Universal

ORTHO^{LIFE} AFO

FEATURES

- In-shoe, static orthosis to maintain the dropped foot in plantigrade during walking
- Semi-rigid shell provides support
- Hook and loop closure for easy fitting, provides adjustable compression and stability
- Flexible foot plate may be trimmed for exact fit
- Made of durable PP material

- Designed specifically for right or left

INDICATIONS

- Foot drag due to hemiplegia
- Drop foot due to peroneal nerve injury or sciatica nerve lesion

FUNCTIONS

- Improve toe clearance in normal gait

Measure circumference of the hips

ORTHO LIFE® Tennis Elbow Brace

FEATURES

- Rubber pad
- Hook and loop closure for pressure adjustment

INDICATIONS

- Lateral epicondylitis (tennis elbow)
- Medial epicondylitis (golfer's elbow)

FUNCTIONS

- The rubber pad provides relief at the muscle insertion point

CODE	SIZE
SOE34	Universal

ORTHO LIFE® Padded Tennis Elbow Brace with Silicone Pad

FEATURES

- Silicone pad
- Hook and loop closure for pressure adjustment

INDICATIONS

- Lateral epicondylitis (tennis elbow)
- Medial epicondylitis (golfer's elbow)

FUNCTIONS

- The silicone pad provides relief at the muscle insertion point

CODE	SIZE
SOE44	Universal

ORTHO LIFE® Tennis / Golf Elbow Support with Silicone Pad

FEATURES

- Specially shaped silicone inserts
- Rapidly improves joint function
- Relieves the strain on the periarticular tissues
- Silicone pad

INDICATIONS

- Lateral epicondylitis (tennis elbow)
- Medial epicondylitis (golfer's elbow)

FUNCTIONS

- The silicone pad provides relief at the muscle insertion point

CODE	SIZE
SOE74	Universal

ORTHO LIFE® Tennis Elbow Strap

FEATURES

- Nylon strap with D-ring closure
- Adjustable hook and loop strap
- Compression can be made to the desired level
- Universal design, fits left or right elbow

INDICATIONS

- Lateral epicondylitis (tennis elbow)
- Medial epicondylitis (golfer's elbow)

FUNCTIONS

- Provides compression of the forearm muscles
- Relieves pressure on the tendon

CODE	SIZE
SU354	Universal

ORTHO LIFE® Long Tennis Elbow Brace

FEATURES

- 3mm thick neoprene with nylon lining
- Lower coronal fasteners offer further fit
- Pull-on version

INDICATIONS

- Lateral and medial epicondylitis (tennis elbow and golfer's elbow)
- Articular effusion & swelling
- Chronic inflammation after operation or trauma
- Collateral ligament injury

HOT & COLD THERAPY

Richmar® Hydratherm Heating Unit

DESCRIPTION

- Updated design features composite polymer tank instead of steel
- Reduced number of annual cleanings (2 versus 24 for competing heating units)
 - Two heating unit storage systems to choose from
 - For easy hot pack retrieval — a pull-out divider system puts hot packs within reach with a lift of the divider's handle
- For maximum hot pack storage — a traditional-style heating unit rack, which allows stacking of hot packs on top of racks
- Increased patient safety with digital display and thermostat, giving physical therapist control over treatment temperature of the hot packs used for moist heat therapy
- Low water sensor deactivates heating element, reducing fire hazards
- Extra benefits of hydratherm deluxe:
 - Added electric drainage pump emptying tank for cleaning faster and easier
 - Also includes fold-away shelf — a convenient area for hot pack preparation prior to treatment (standard model uses gravity-fed draining, with storage shelf as an optional accessory)
- For best results, use in conjunction with hydraheat hot packs for moist heat therapy
- Dimensions: 760 x 500 x 840mm

CODE	DESCRIPTION
PD206	Hydratherm Standard Divider Rack System
PD207	Hydratherm Standard Traditional Rack System
PD208	Hydratherm Deluxe Divider Rack System
PD209	Hydratherm Deluxe Traditional Rack System

Richmar® Hydraheat Hot Packs

DESCRIPTION

- HydraHeat Hot Packs don't have a porous outer layer like conventional hot packs. That means that the high temperatures needed to kill the bacteria that can get inside of a conventional hot pack isn't needed with HydraHeat Hot Packs. This allows using the hot pack for heat therapy treatments at lower, safer temperatures, while still being within the therapeutic range
- Terry covers are not needed with Hydraheat packs - PVC material can simply be wiped down with antibacterial wipes between patients

CODE	DESCRIPTION	SIZE
PD183	HydraHeat Cervical Hot Pack	430 x 280mm
PD184	HydraHeat Standard Hot Pack	430 x 280mm
PD185	HydraHeat Oversize Hot Pack	430 x 330mm
PD186	HydraHeat Universal Hot Pack	480 x 130mm

4 Pack Moist Heat Unit

DESCRIPTION

- The CryoDerma 4 pack unit is a compact economical unit ideal for the small private therapy clinic
- Includes: Wire Rack, Filler Hose, 4 Standard Moist Heat Packs

CODE	DESCRIPTION	WIDTH	HEIGHT	LENGTH	WEIGHT
PD187	CryoDerma 4 Pack Moist Heat Unit	203mm	381mm	254mm	9kgs

6 Pack Moist Heat Unit

DESCRIPTION

- The CryoDerma 6 pack unit is a very popular size model holding up to six standard or neck packs
- Includes: Wire Rack, Filler Hose, 1 x Cervical, 2 x Oversize and 3 Standard Moist Heat Packs

CODE	DESCRIPTION	WIDTH	HEIGHT	LENGTH	WEIGHT
PD188	CryoDerma 6 Pack Moist Heat Unit	305mm	533mm	381mm	9kgs

8 Pack Moist Heat Unit

DESCRIPTION

- The CryoDerma 8 pack unit is a double walled, free standing unit, which accommodates up to 8 standard or neck packs.
- Includes: Wire Rack, Filler Hose and 8 Standard Moist Heat Packs

CODE	DESCRIPTION	WIDTH	HEIGHT	LENGTH	WEIGHT
PD189	CryoDerma 8 Pack Moist Heat Unit	457mm	457mm	406mm	27kg

8 Pack Moist Heat Unit - Mobile Unit

DESCRIPTION

- The CryoDerma 8 pack Mobile Unit comes standard with four castors (2 are locking)
- Includes: Wire Rack, Filler Hose and 8 Standard Moist Heat Packs

12 Pack Moist Heat Unit - Mobile Unit

DESCRIPTION

- The CryoDerma 12 pack mobile unit is a top of the range double walled, mobile heating unit, ideal for busy physiotherapy departments
- Includes: Wire Rack, Filler Hose and 12 Standard Moist Heat Packs

CODE	DESCRIPTION	WIDTH	HEIGHT	LENGTH	WEIGHT
PD191	CryoDerma 12 Pack Moist Heat Unit - Mobile	610mm	813mm	406mm	36kg

Patient Soft Hot & Cold Packs

DESCRIPTION

- This product is well designed for patient use at home and not for repeated use in hospital or clinic. Fine for 2-3 Uses in 24 hours but not 20-30
- The Patient Soft Cold & Hot Packs are a premium quality product and superior in patient comfort
- Manufactured with a brushed cotton outer layer, to provide comfort and even, deep therapy
- Soft fabric allows you to put the pack directly against the skin

CODE	SIZE
TP212	17.5 x 30cm - Regular
TP213	25 x 33cm - Oversize

Moist Heat Packs

DESCRIPTION

- The CryoDerma moist heat pack is a simple and effective method of applying moist heat to a localized area, which gives at least 30 minutes of therapeutic moist heat
- The CryoDerma moist heat packs are quality assured and available in a complete range of sizes

CODE	SIZE
TP214	25 x 30cm - Standard
TP215	23 x 61cm - Neck Contour
TP216	38 x 61cm - Oversize

Moist Heat Pack Terry Covers

DESCRIPTION

- A complete range of heavy duty hot pack covers, made from a terry cloth material
- The cover allows therapeutic moist heat to penetrate without burning the skin

CODE	SIZE
TP217	Standard
TP218	Neck Contour
TP219	Oversize

Professional Clinical Cold Packs

DESCRIPTION

- 3 different sizes of black vinyl packs
- Cold packs ensure effective cold therapy regardless of body area or shape providing soothing relief
- The soft durable cover ensures that this CryoDerma cold pack is durable and long lasting when being regularly used

CODE	SIZE
TP220	28 x 36cm - Standard
TP221	63cm - Neck Contour
TP222	30 x 46cm - Oversize

Microheat Beads

DESCRIPTION

- Safe and effective time released moist heat delivers the therapeutic level of treatment for up to 10 minutes
- Easy to use, simply microwave 1-2 minutes and apply – the beads continually replace moisture
- CryoDerma Microheat Beads stay odor-free and resist bacteria, mould or fungi growth
- Fast, convenient moist heat therapy
- Microwave for instant relief
- Can be machine washed
- Use as an emergency clinic hot pack for busy periods or as our most popular home use heat therapy solution
- Safe and Effective
- Clean
- Convenient
- Easy to use

CODE	SIZE
TP223	22.5 x 30.5cm - Standard
TP224	20.5 x 55.5cm - Neck

Disposable Instant Ice Pack

FEATURES

- Provides instantaneous ice treatment for the assisting of injuries associated with falls, sprains, sports, etc
- Simple squeeze and use
- 190mm x 120mm

CODE	DESCRIPTION
M130	Platinum Instant Ice Pack Disposable

Hot / Cold Pack

DESCRIPTION

- Helps sore muscles and the relieving of pain
- Able to be cooled in fridge or freezer, or heated in the microwave
- Reusable

CODE	DESCRIPTION
TP470	Reusable Hot and Cold Pack

Paraffin Wax Bath

DESCRIPTION

- Thermostat controlled
- Insulated inner tank
- Easy access for hands and feet
- Ergonomic lid designed to prevent moisture spillage

CODE	DESCRIPTION
TP225	Therabath Paraffin Wax Bath

Paraffin Wax

DESCRIPTION

- High quality wax sold in 1lb bars
- Unscented

CODE	DESCRIPTION	SIZE
TP226	Therabath Paraffin Wax	1LB

Wheat Packs

DESCRIPTION

- Effective as a natural alternative to pain relief
- Totally safe and natural
- Great for arthritic pain, rheumatics, neck tension, lower back pain or any other problem where passive deep heat would be of benefit
- Designed by health professionals

- Various colours and patterns will be shipped at point of order

CODE	DESCRIPTION
FAH776	Standard Wheatbag

FlexEze Heat Patches

DESCRIPTION

- FlexEze Patches are the safe, convenient way to relieve tense or tight muscle for up to 12 hours. Each patch contains a soft flexible backing that adheres under clothing and can be removed easily. It simply bends and flexes as you move

- FlexEze Air-Activated Heat Patches are designed to warm gradually and reach maximum heat in approximately 30 minutes. Air-activated, so we recommend, you do not open pouch until ready to use

CODE	DESCRIPTION	SIZE
TP556	Flexeze Heat Patches	10 x 13cm

FlexEze Heat Body Wrap

DESCRIPTION

- Ultra thin and discrete
- Undetectable under clothing
- Super stretch material – one size fits all
- Also fits ice gel packs for compression wrap therapy

BENEFITS

- Whenever you feel muscle tightness
- Before, during, or after sport, gardening, or other physically challenging activities
- When standing or sitting for long periods
- While outdoors on COLD winter days
- Ideal for sensitive skin

CODE	DESCRIPTION
TP557	Flexeze Heat Body Wrap

ORTHO LIFE® Soft Ice/Heat Bag

DESCRIPTION

- Heavy duty bags include a leak proof cap with washer
- Flexible design fits any part of the body
- Used for Ice and Heat Therapy

CODE	DESCRIPTION	SIZE
S4251	Soft Ice/Heat Bag	Small - 15cm
S4252	Soft Ice/Heat Bag	Medium - 23cm
S4253	Soft Ice/Heat Bag	Large 28cm

ORTHO LIFE® Ice Bag with Wrap

DESCRIPTION

- Helps to relieve pain and swelling
- Adjustable closure for better fit
- Versatile ice bag may be used for knee, elbow or ankle
- Easy to apply and use

CODE	DESCRIPTION
S4257	Ice Bag with Wrap

ORTHO LIFE® Cold Compression Therapy - Ankle

FEATURES

- Easy fast inflation
- Alleviates pain quickly
- Can be worn easily without taking off clothes in emergency situations
- Special Drip-free fabric,

allows the skin to the breathe easily

- Dry-cold and frostbite-proof
- Excellent for sprains, sport, injuries, rehabilitation, arthritis, muscle fatigue

CODE	DESCRIPTION
S4451	Ortholife Cold Compression Therapy - Ankle

ORTHO LIFE® Cold Compression Therapy - Knee

FEATURES

- Easy fast inflation
- Alleviates pain quickly
- Can be worn easily without taking off clothes in emergency situations
- Special Drip-free fabric,

allows the skin to the breathe easily

- Dry-cold and frostbite-proof
- Excellent for sprains, sport, injuries, rehabilitation, arthritis, muscle fatigue

CODE	DESCRIPTION
S4452	Ortholife Cold Compression Therapy - Knee

ORTHO LIFE® Cold Compression Therapy - Shoulder

FEATURES

- Easy fast inflation
- Alleviates pain quickly
- Can be worn easily without taking off clothes in emergency situations
- Special Drip-free fabric,

allows the skin to the breathe easily

- Dry-cold and frostbite-proof
- Excellent for sport, injuries, rehabilitation, arthritis, muscle fatigue

CODE	DESCRIPTION
S4453	Ortholife Cold Compression Therapy - Shoulder

FEATURES

- Easy fast inflation
- Alleviates pain quickly
- Can be worn easily without taking off clothes in emergency situations
- Special Drip-free fabric,

allows the skin to the breathe easily

- Dry-cold and frostbite-proof
- Excellent for sport, injuries, rehabilitation, arthritis, muscle fatigue

CODE	DESCRIPTION
S4454	Ortholife Cold Compression Therapy - Back

SMARTER. FASTER. DEEPER.

Sequential Intermittent Compression

With Squid, you'll immediately feel the benefits of sequential intermittent compression. While Squid drives cold deep into the joints and muscles, the unique multi-chambered design of our wraps effectively reduce pain and swelling in only 15 minutes.

SQUID WRAPS

The ergonomically designed Squid Wraps provide sequential intermittent compression through multi-chambered air bladders within the wrap. This directs edema/swelling away from the affected area and towards the heart. Sequential intermittent compression helps increase blood circulation and tissue oxygenation, which aids in the recovery process. Squid Wraps are made from durable, easy to clean, anti-bacterial materials. The wrap is available in six different configurations, each designed for a specific part of the body.

SQUID PUMP

Portable and rechargeable, the Squid Pump provides intermittent air pressure to the air bladders within the wraps to create sequential intermittent compression. The inflation/deflation cycle times are automatically programmed to create the most effective treatment at any level of compression during the 15 minute treatment time. The Squid Pump is programmed with 4 different compression modes, which have different peak pressure levels and inflation/deflation cycles. The pump's durable outside makes it easy for travel and cleaning without fear of damage. Weighing under 1 lb, it's good for up to 50 uses on one full charge.

SQUID GEL PACKS

Squid Gel Packs use a proprietary gel formula that allows the gel pack to maintain its shape. With its multi-chambered design, the gel pack is able to conform specifically to a treatment area for maximum results. Squid gel packs freeze at a lower temperature than water, which allows for a shorter, more effective treatment than other methods. There is no melting or mess, so clean-up from a treatment is a breeze.

WHY SQUID?

MUSCLE & JOINT PAIN RELIEF

Squid is designed to provide tremendous relief from muscle and joint pain, which may allow users to reduce dependency on pain medication, perform everyday tasks that were previously painful, and enjoy walking, running, skiing, playing tennis, golf and other sports again.

INJURY RECOVERY

Squid revolutionizes injury recovery by driving cold treatment deep into the tissue, reducing swelling and directing fluids away from the treated area towards the heart. Swelling is reduced, thereby improving blood flow to the injured tissue and delivering much needed nutrients and oxygen.

PERFORMANCE RECOVERY

Squid's patent pending sequential intermittent compression assists many world-class athletes in post-workout and post-performance recovery. Squid is designed to speed up performance recovery by helping remove lactic acid and other metabolites from muscles.

Ankle Wrap

DESCRIPTION

- Scientifically designed to meet the specific needs of the ankle
- Cold compression is delivered from the base of the ankle up to the calf, providing optimal active cold compression therapy to the ankle and upper foot areas
- Multi-chambered design to allow gel to move where you need it

CODE	DESCRIPTION	SIZE
SU480	Squid Ankle System	Regular
SU481	Squid Ankle Wrap Only	Regular
SU482	Squid Ankle Gel Insert Only	Regular
SU483	Squid Ankle System	Large
SU484	Squid Ankle Wrap Only	Large
SU485	Squid Ankle Gel Insert Only	Large

Elbow Wrap

DESCRIPTION

- Scientifically designed to meet the specific needs of the elbow
- Cold compression is targeted to the areas that need it most
- Fitted design and thick adjustable straps provide and allow natural positioning of the elbow joint during treatment
- Multi-chambered design to allow gel to move where you need it

CODE	DESCRIPTION	SIZE
SU486	Squid Elbow System	Universal
SU487	Squid Elbow Wrap Only	Universal
SU488	Squid Elbow Gel Insert Only	Universal

SQUID

Knee Wrap

DESCRIPTION

- Scientifically designed to meet the specific needs of the knee
- Cold compression is delivered around and on the patella and knee joint
- Wide adjustable straps provide comfort and prevent unwanted compression of nerves and arteries located behind the knee
- Multi-chambered design to allow gel to move where you need it

CODE	DESCRIPTION	SIZE
SU489	Squid Knee System	Universal
SU490	Squid Knee Wrap Only	Universal
SU491	Squid Knee Gel Insert Only	Universal

SQUID

Leg Wrap

DESCRIPTION

- Designed to provide sequential cold compression to different areas of the leg providing large area coverage and maximum flexibility for use
- Can be used to treat the calf, knee, quadricep or hamstring
- Multi-chambered design to allow gel to move where you need it

CODE	DESCRIPTION	SIZE
SU492	Squid Leg System	Regular
SU493	Squid Leg Wrap Only	Regular
SU494	Squid Leg Gel Insert Only	Regular

Wrist Wrap

DESCRIPTION

- Scientifically designed to meet the specific needs of the wrist
- Sequential cold compression is delivered from the back of the wrist and from the palm through the wrist joint and mid arm, providing optimal active cold compression therapy to the wrist joint
- Multi-chambered design to allow gel to move where you need it

CODE	DESCRIPTION	SIZE
SU504	Squid Wrist System	Universal
SU505	Squid Wrist Wrap Only	Universal
SU506	Squid Wrist Gel Insert Only	Universal

Arcticast Cooler Unit

DESCRIPTION

- Utilises gravity to deliver chilled water to anatomically designed cuffs that fit completely to the injured part/area
- Cooler unit comes with simple-to-follow directions for use
- Includes tube
- It is a combination of cryotherapy and static compression, commonly uses for the treatment of pain and inflammation after acute injury or surgical procedures
- Holds water and ice needed for up to 8 hours

CODE	DESCRIPTION
PD192	CryoDerma Arcticast Cooler Unit
PD194	CryoDerma Arcticast Connector Hose

Arcticast IC Cooling Unit

DESCRIPTION

- Provides both gravity and motorized cold and compression therapy for flexibility of care
- Ease of use operation through the integrated pneumatic pump that sits in the lid providing automated cold and cold/compression therapy
- Includes tube
- Clinically proven to reduce post-operative swelling and improve ROM
- Holds water and ice needed for up to 8 hours

CODE	DESCRIPTION
PD193	CryoDerma Arcticast IC Cooling Unit
PD194	CryoDerma Arcticast Connector Hose

Arcticast Cryo Knee Cuff

DESCRIPTION

- This cuff has been designed and manufactured to completely fit the injured part
- Minimizes hemarthrosis, swelling, and reduces pain
- Controlled compression providing maximum cryotherapy

CODE	DESCRIPTION
SU510	CryoDermaArcticast Cryo Knee Cuff

Arcticast Cryo Shoulder Cuff

DESCRIPTION

- This cuff has been designed and manufactured to completely fit the shoulder area
- Minimizes hemarthrosis, swelling, and reduces pain
- Controlled compression providing maximum cryotherapy

CODE	DESCRIPTION
SU511	CryoDerma Arcticast Cryo Shoulder Cuff

Arcticast Cryo Ankle Cuff

DESCRIPTION

- This cuff has been designed and manufactured to completely fit the ankle/foot area
- Minimizes hemarthrosis, swelling, and reduces pain
- Controlled compression providing maximum cryotherapy

CODE	DESCRIPTION
SU512	CryoDerma Arcticast Cryo Ankle Cuff

Arcticast Cryo Hand/Wrist Cuff

DESCRIPTION

- This cuff is anatomically designed to completely fit the hand and wrist area
- Minimizes swelling, and reduces pain
- Controlled compression providing maximum cryotherapy
- Aluminium bars for added support which can be removed

CODE	DESCRIPTION
SU513	CryoDerma Arcticast Cryo Hand/Wrist Cuff

Arcticast Cryo Thigh Cuff

DESCRIPTION

- This cuff is anatomically designed to completely fit the thigh
- Minimizes hemarthrosis, swelling, and reduces pain
- Controlled compression providing maximum cryotherapy

CODE	DESCRIPTION
SU514	CryoDerma Arcticast Cryo Thigh Cuff

Arcticast Cryo Elbow Cuff

DESCRIPTION

- This cuff is anatomically designed to completely fit the elbow
- Minimizes hemarthrosis, swelling, and reduces pain
- Controlled compression providing maximum cryotherapy

CODE	DESCRIPTION
SU515	CryoDerma Arcticast Cryo Elbow Cuff

Arcticast Cryo Calf Cuff

DESCRIPTION

- This cuff is anatomically designed to completely fit the calf
- Minimizes swelling, and reduces pain
- Controlled compression providing maximum cryotherapy

CODE	DESCRIPTION
SU516	CryoDermaArcticast Cryo Calf Cuff

Arcticast Cryo Hip/Rib/Back Cuff

DESCRIPTION

- This cuff is anatomically designed to be universal, may be applied to either the back, hip, or rib area
- Minimizes swelling, and reduces pain
- Controlled compression providing maximum cryotherapy

CODE	DESCRIPTION
SU517	CryoDerma Arcticast Cryo Hip/Rib/Back Cuff

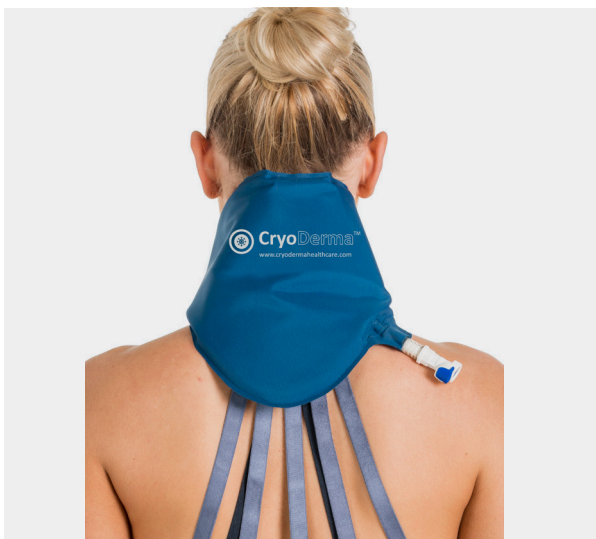

Arcticast Cryo Neck Cuff

DESCRIPTION

- This cuff is anatomically designed to completely fit the neck area
- Minimizes swelling, and reduces pain
- Controlled compression providing maximum cryotherapy comfortably

CODE	DESCRIPTION
SU518	CryoDerma Arcticast Cryo Neck Cuff

Arcticast Cryo Head Cuff

DESCRIPTION

- This cuff is anatomically designed to completely fit the head area
- Minimizes swelling, and reduces pain
- Controlled compression providing maximum cryotherapy

CODE	DESCRIPTION
SU519	CryoDerma Arcticast Cryo Head Cuff

Core Wraps

DESCRIPTION

- Ideal for positioning hot/cold packs, electrodes
- Neoprene wrap, provides mild compression
- Adjustable hook and loop closure holds wrap firmly in place

TP477	InMotion Cold Spray	200ml

ELECTRO THERAPY

gymna Shockmaster 300

DESCRIPTION

Shockwave therapy, anytime, anywhere

Radial shockwave therapy is an established and recognized form of treatment. The portable ShockMaster 300 means you are now able to carry out treatments anytime and anywhere. No restriction – just 'plug and play'.

- Small and lightweight device
- Easy to install

- Silent air compressor
- Plug and Play
- Large operating buttons
- Illuminated bar: treatment time
- Indication menu via list or body parts display
- Optional carry case

CODE	DESCRIPTION
PD123	Gymna Shockmaster 300

gymna Shockmaster 500

DESCRIPTION

- Treat under the best possible conditions
- The ideal support for your practice with a superior interface
- Intelligent User interface
- Easy revision
- Useful storage tray
- 2 output channels

- High patient throughput
- Satisfied patients
- Rapid payoff
- Low follow-up costs
- Easy to use and to maintain
- Visual evaluation process of the patient with VAS score
- Indication menu via list or body parts display
- 2 output channels for hand pieces for optimal treatment duration

BENEFITS

Benefits for the therapist

- Short treatment sessions
- Safe application

CODE	DESCRIPTION
PD124	Gymna Shockmaster 500

EMS Physio Primo Therasonic 360

DESCRIPTION

The Primo Therasonic has been completely redesigned to offer you a wide range of choices for your ultrasound treatment programme. Widely used to improve healing time on soft tissue injuries and it has integrated evidence based algorithms and clinical protocols.

FEATURES

- Made in Great Britain
- Touch screen technology
- Single frequency ultrasound (1MHz)
- Easy wipe clean reducing the risk of cross-infection
- Programmable memory
- Many treatment protocols
- Mains powered as standard, optional battery available

CODE	DESCRIPTION
PD115	Primo Therasonic 360

Sonomed Deluxe 1+3MHz Ultrasound

DESCRIPTION

- Continuous and pulsed ultrasound therapy
- Multi-frequency treatment head with 1 and 3 MHz
- User friendly, lightweight design with large blue backlight LCD display
- Head over heating and cable connection auto-detection
- Waterproof Head
- 17 Protocols with most appropriate parameters for clinical indications
- Free programmable memory positions, for record your own protocols
- Very well suited for the treatment of clinic patients or patients at home

CODE	DESCRIPTION
DI2272	Sonomed Deluxe 1+3MHz Ultrasound

Richmar[®] Thersound EVO

DESCRIPTION

- Dual Frequency Clinical Ultrasound Therapy Machine (1 & 3 MHz) with Industry Leading BNR
- Continuous or Pulsed Ultrasound Duty Cycles
- Therapy Hammer 2 cm² & 5 cm² Transducers Combined in one Therapeutic Ultrasound Applicator
- Laser Therapy Upgrade with
- Easy to Install Thersound EVO Laser Module
- Both AutoSound and Light Cluster Probe Allow for Hands-Free Therapy Treatments
- Connects to StoreMore Cart when Paired with Thersound Cradle
- Proudly made in the USA
- 3 year warranty

CODE	DESCRIPTION
PD125	Thersound EVO
PD203	Laser Module for Thersound EVO
PD204	StoreMore Therapy Cart

EMS Physio Primo Therasonic 460

DESCRIPTION

The Primo Therasonic Therapeutic Ultrasound 460 machine has been completely redesigned to offer you a wide range of choices for your ultrasound treatment programme. Widely used to improve healing time on soft tissue injuries, it has integrated evidence based algorithms and clinical protocols.

FEATURES

- Made in Great Britain
- Touch screen technology
- Dual frequency ultrasound (1MHz and 3MHz)
- Programmable memory
- Easy wipe clean reducing the risk of cross-infection
- Many treatment protocols
- Mains powered as standard, optional battery available

CODE	DESCRIPTION
PD116	Primo Therasonic 460

EMS Physio

Primo Interferential 960

DESCRIPTION

The Primo Interferential 960 uses a mid-frequency electrical signal to treat muscular spasms and strains which makes it particularly effective in treating acute injuries, especially in sport. The interferential therapy is used to relieve pain, stimulate muscles, increase local blood flow and reduces oedema.

- Touch Screen Technology
- Three carrier frequencies – 2kHz, 4kHz and 8kHz
- 0-100mA peak constant or 0-70/140V peak constant voltage, depending upon mode
- Many treatment protocols
- 2 independent output channels which allow 2 different treatments

FEATURES

- Made in Great Britain

CODE	DESCRIPTION
PD117	Primo Interferential 960

EMS Physio

Primo 860 Combination

DESCRIPTION

The Primo Combination 860 offers dual frequency ultrasound (1MHz and 3MHz) and the complete range of stimulation outputs that can be used individually or simultaneously in combination therapy.

- Touch screen technology
- Stimulation outputs: two and four pole inferential, Diadynamic, TENS, Sinusoidal, Galvanic and interrupted galvanic, faradic, Trabert, Medi-Wave, Russian and microcurrent output
- Diagnostic feature to help locate difficult to pinpoint lesions
- Treatment protocols (same as for ultrasound and stimulation units)

FEATURES

- Made in Great Britain
- Dual frequency ultrasound

CODE	DESCRIPTION
PD113	Primo 860 Combination

Richmar

Winner EVO Combo

FEATURES

- Therapeutic Ultrasound, Electro Stimulation, Light Therapy, and Cold Laser Therapy in One Medical Device (Laser Module needed for addition of Light and Cold Laser Therapies)
- Dual Frequency (1 & 3 MHz) Therapeutic Ultrasound with Industry Leading BNR
- Continuous or Pulsed Ultrasound Modes
- 5cm², 2/5cm² Therapy Hammer, 10cm², or
- AutoSound Therapeutic Ultrasound Applicators Available
- Tru-Stim Electrotherapy with Five Electro Stimulation Waveforms On-Board: IFC, Pre Mod, Russian, Hi-Volt, Micro
- Both AutoSound Therapeutic Ultrasound Applicator and Light Cluster Probe Allow for Hands-Free Therapy Treatments
- Proudly made in the USA
- 3 year warranty

CODE	DESCRIPTION
PD127	Winner EVO Combo 2 Channel
PD126	Winner EVO Combo 4 Channel
PD205	Laser Module for Winner EVO

EMS Physio

Primo Stimulation Multidyne 970

FEATURES

- Touch screen technology
- Three carrier frequencies - 2kHz, 4kHz and 8kHz
- Vector facility
- 0-100mA peak constant current or 0-70/140V peak constant voltage, depending upon mode
- Treatment protocols: Pain relief, Oedema, Stimulate local blood flow, OA Knee, Chronic low back pain, Acute low back pain, Fibromyalgia, Trigger points, Post operative knee pain,
- Fracture healing, Stress incontinence, Urge incontinence, Constipation (children)
- 2 independent output channels which allows 2 different treatments
- Operates in conjunction with EMS vacuum unit if required
- Easy wipe clean reducing the risk of cross-infection
- Mains powered as standard, optional battery available

CODE	DESCRIPTION
PD118	Primo Stimulation Multidyne 970

Richmar

Winner EVO Stim

DESCRIPTION

The Winner EVO Stim maintains the reliability expected from Richmar medical devices by proving over time to be a dependable electrotherapy device, providing years of worry-free stim treatments.

FEATURES

- Tru-Stim Electrotherapy with Five Electro Stimulation Waveforms On-Board: IFC, Pre Mod, Russian, Hi-Volt, Micro
- User-Defined Profiles for Commonly Used Electrotherapy Treatments
- Easily Incorporate Cold Laser and Light Therapy at Initial Purchase, or Easily Upgrade Later
- Lead Cord Continuity Tester On-Board Each Winner EVO Stim Unit (stimulation units)
- Proudly made in the USA
- 3 year warranty

CODE	DESCRIPTION
PD129	Winner EVO Stim 2 Channel
PD128	Winner EVO Stim 4 Channel

EMS Physio

Primo Vacuum 655

DESCRIPTION

The Primo Vacuum 655 is designed to be used with the Primo Interferential 960 and Primo Multidyne 970 stimulation units. In addition, the PrimoVacuum 655 can be used on any previous models of EMS interferential units purchased within the last 10 years.

FEATURES

- Made in Great Britain
- Lightweight
- Pulsed or continuous vacuum
- Powerful new super-quiet vacuum with virtually no vibration
- Channel selection option – Channels A+B or Channel A only
- Supplied with complete set of accessories

CODE	DESCRIPTION
PD119	EMS Primo Vacuum 655

EMS Physio Solo Laser 755

DESCRIPTION

The Solo Laser 755 incorporates a PIN number security device, removing the need for a key. This unit has two sockets for single or cluster probes ensuring quick and easy treatments. It is supplied with mains/battery as standard and has an on-screen battery power indicator.

FEATURES

- Lightweight and easy to use
- Frequency range 2Hz – 20kHz

- Time setting automatically indicates the power in joules
- Joules power setting automatically indicates time required
- Memory function for easy recall of favourite programs
- A range of probes – single point and cluster
- Optional shoulder bag and treatment trolley available
- Probes not included. Available separately

CODE	DESCRIPTION
PD120	Solo Laser 755

Richmar[®] Laser Probe

- 450mW of Continuous Power at 808nm (Frequency)
- Laser Probe Delivers 1 Joule Every 2.2 Seconds, Continuous Duty Cycle
- Three Preset Dosage Options: 6, 8, and 10 Joules
- Tethered Style Connects to any Winner EVO Stim, Combo, or Therasound EVO Ultrasound Machine via Laser Module Upgrade
- Safety Key Included

DESCRIPTION

- Three 150mW Laser GaAIAS Diodes in Laser Probe with Visible Blue LED Guide Light

CODE	DESCRIPTION
PD177	Tethered Laser Probe 450mW
PD178	Cordless Laser Probe 450mW

Richmar[®] Light Cluster Probe

DESCRIPTION

- Hands-Free Light Therapy
- 500 mW Total Power, 870nm LED/633nm SLD Frequency
- Delivers 1 Joule/cm² Every 45 Seconds During Light Therapy Treatments
- Adjustable Treatment Time When Light Cluster Probe is Used in Conjunction with Tethered Laser Probe

CODE	DESCRIPTION
PD130	Light Cluster Probe

Richmar[®] HIVAMAT 200 Portable

DESCRIPTION

The HIVAMAT 200 Portable gives a mobile therapy option for deep oscillation treatments. This portable device uses predefined programs from three practice-specific Treatment Protocol Cards for Athletic, Rehabilitation, and Chiropractic related treatments. Patient Cards are also available in order to use custom programs saved from HIVAMAT 200 Evident.

Perfect for sports teams where mobile therapy is a necessity, the HIVAMAT 200 Portable is battery operated – because athletes need help recovering from microtrauma and acute injuries when they are at home, as well as away.

3 Year Warranty.

CODE	DESCRIPTION
PD131	Hivamat 200 Portable

Richmar®

HIVAMAT 200 Evident

DESCRIPTION

The HIVAMAT 200 Evident contains patented technology for rehab procedures using the effects of an electrostatic field to generate deep oscillations within the tissues of the body to provide pain relief, and relax muscles.

The HIVAMAT 200 Evident has the ability to store deep oscillation treatment programs created by the therapist, in addition to default programs pre-loaded into the HIVAMAT at the factory. Animated

illustrations also demonstrate applicator techniques for treating various areas of the body using HIVAMAT deep oscillation therapy.

The HIVAMAT 200 Evident features an adjustable full-color screen, an intuitive navigation wheel, and dedicated intensity knob. The optional HIVAMAT storage trolley is an attractive, mobile option, to complement your HIVAMAT deep oscillation therapy device and clinic.

3 Year Warranty.

CODE	DESCRIPTION
PD132	Hivamat 200 Evident

EMS Physio

Megapulse Senior 265

DESCRIPTION

An innovative, stylish and practical addition to the new generation of EMS equipment. Megapulse Senior 265 offers pulsed and continuous shortwave therapy with many additional features, from one of the world's largest specialised manufacturers of shortwave therapy products.

FEATURES

- 1,000W pulsed and 400W continuous maximum power output

- Wide range of pulse widths: 20 – 400 microseconds
- Wide range of pulse frequencies: 5 – 800 pulses per second
- Up to 30 minutes treatment time
- Choice of output modes: continuous or pulsed 1 in 3, 2 in 3 and 3 in 3
- Complete with durable electrode arms and two 100mm capacitive electrodes

CODE	DESCRIPTION
PD121	Megapulse Senior 265

EMS Physio

Megapulse 260

DESCRIPTION

The new Megapulse 260 pulsed-only unit now offers the therapist a range of clinically proven treatment protocols without the need for crossreferencing treatment outputs as in the past. The unit has undergone extensive improvements and redesign and now incorporates:

FEATURES

- Colour touchscreen technology allows the user to control the unit even when

wearing surgical gloves

- Larger, clearer screen size
- Pictorial guidance with clinical protocols
- QWERTY keyboard for clinic personalisation and notes
- On screen user assistance
- Improved audio-sound technology
- In-built service indicator for routine maintenance

CODE	DESCRIPTION
PD122	Megapulse 260

FORTRESS TENS

DESCRIPTION

- Classic TENS incorporates a wide variety of output combinations ensuring more effective treatment
- Five modes: B(Burst), N(Normal), M(Pulse Rate Modulation), SD1(Pulse

Duration Modulation) and SD2(Pulse Duration Modulation)

- Timer of 30, 60 minutes (or 30, Continuous)
- It can be used on a wide range of chronic and acute pain conditions: Including cervical, lower back, lumbago, leg pain, sciatica, arthritis, tendonitis, fractures, tennis elbow and muscle and joint pain

CODE	DESCRIPTION
PD100	TENS

FORTRESS Professional Digital TENS

DESCRIPTION

- Far more accurate than a standard TENS machine
- Highly user friendly DIGITAL TENS with 9 pre-set

programs and modes: B(burst), N(normal), M(Pulse Rate Modulation)

- Clear digital display with superior accuracy
- Memory function that can store the treatment time used by the patients enabling the Physiotherapist to make sure the unit is being used as prescribed

CODE	DESCRIPTION
S2411	Professional Digital TENS

FORTRESS EMS Digital

DESCRIPTION

- Digital EMS with Graphic on the LCD showing the status of the stimulation
- Wide range of options including, contraction time, relaxation time, ramp time,

pulse rate, pulse width and a timer of 1-60 minutes.

- User can detect whether the stimulation is at Contraction, Relaxation or Ramp status
- Memory function that can store the treatment time used by the patients enabling the Physiotherapist to make sure the unit is being used as prescribed

CODE	DESCRIPTION
S2431	EMS Digital

FORTRESS Combo TENS and EMS

DESCRIPTION

- Combination unit with 5 TENS modes and 2 EMS modes
- Excels in muscle exercise and in treating sporting and other muscle injuries

- Fully adjustable pulse width, pulse rate ramp time, on time, off time and timer are fully adjustable
- Large clear digital display
- Easy to use press button controls
- Patient compliance meter up to 999 hours
- Storage of the last used settings
- Treatments time countdown

CODE	DESCRIPTION
S2421	Combo TENS and EMS

NeuroTrac® TENS

DESCRIPTION

- Suitable for all types of pain relief
- Digital Dual Channel
- 12 Built in programmes for ease of use

- 2 Customizable constant mode programmes
- Ability to lock the unit
- Records time in use and average current
- User friendly
- Compact, light and reliable

CODE	DESCRIPTION
PD133	NeuroTrac TENS

NeuroTrac® MultiTENS

DESCRIPTION

- Advanced TENS functionality, with ability to run 2 different TENS programmes at the same time.
- This allows you to run a combination of high and low frequency pain relief treatments on 2 areas at the

- same time
- Modalities: High and Low frequency, Burst, Continuous and Modulated. Neuro-Muscular Work/Rest stimulation.
- 13 Preset TENS programmes, 4 Stimulation programmes
- 3 Customisable TENS programmes

CODE	DESCRIPTION
PD134	NeuroTrac MultiTENS

NeuroTrac® Rehab

DESCRIPTION

- Dual channel TENS and remote hand controlled STIM unit
- Conditions for remote STIM:
 - Foot Drop, Sports Injuries, Increases muscle strength
 - Stroke, Prevents disuse atrophy,

- Incontinence, Edema.
- 16 Pre-set programmes for ease of use
- 2 Customisable TENS and 1 Customizable remote STIM programme.
- Lock mode function for measuring home

CODE	DESCRIPTION
PD135	NeuroTrac Rehab

NeuroTrac® Sports

DESCRIPTION

- Suitable for Sports, muscle toning, muscle rehabilitation and cellulite reduction
- Digital Dual Channel STIM unit
- 16 Built in Sports programmes

- for ease of use
- 3 Customisable constant mode programmes
- Ability to lock the unit
- Records time in use and average current
- User friendly
- Compact, light and reliable

CODE	DESCRIPTION
PD136	NeuroTrac Sports

NeuroTrac® Sports XL

DESCRIPTION

- Suitable for Sports, muscle toning, muscle rehabilitation and cellulite reduction
- Digital Dual Channel STIM unit
- Records time in use and average current
- User friendly

- Compact, light and reliable
- Stronger symmetrical stimulation, with the reduced Pulse Width : 50 – 330 μ S
- Has 2 lead wires for each channel giving a total of 8 electrode positions
- 21 Pre-set Sports programmes and 3 Customisable programmes

CODE	DESCRIPTION
PD137	NeuroTrac Sports XL

- Measures EMG from 0.2V to 200V
- Produces and prints comprehensive patient progress reports of EMB work/rest averages, onset contraction and muscle release times, peak values, work/rest average deviations (with optional software)

NeuroTrac Simplex

DESCRIPTION

- Single channel EMG unit
- Multilingual PC database system with fibre optic cable link to computer available

CODE	DESCRIPTION
PD138	Neurotrac Simplex

- Passive and Active (EMG and Stimulation)
- Pre-set clinical modes for: Incontinence, sports and rehabilitation.
- Custom clinical modes: EMG, STIM and TES
- Locks programmes and records patient home compliance on a daily basis.
- Portable light and user friendly

NeuroTrac Myoplus Pro

DESCRIPTION

- Single channel EMG Triggered stimulation
- Portable desk top device supplied with a desk top stand

CODE	DESCRIPTION
PD139	Neurotrac Myoplus

- development, neuro-muscular Rehabilitation
- 2 channel EMG (Biofeedback) combined with 2 channels NMES (stimulation)
 - 2 channel ETS (EMG triggered stimulation) with stimulation on 2 channels
 - Manual and Automatic threshold control
 - EMG Biofeedback between stimulation (muscle activity and tiredness indication when using muscle stimulation)
 - Stand alone device or used in conjunction with established multilingual software
 - Now with Bluetooth connectivity! The unit sends up to 10 metres of wireless data to PC software

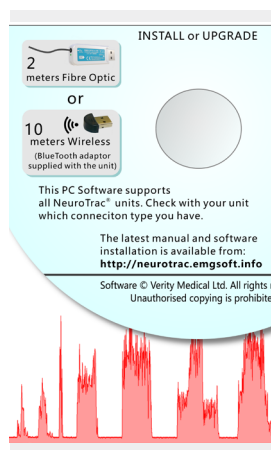

NeuroTrac Myoplus 2

DESCRIPTION

- The Classic Biofeedback / ETS / Stimulation device. A proper tool for training and progress assessment.
- Pre-set programmes for Incontinence treatment, Sports and muscular

CODE	DESCRIPTION
PD140	Neurotrac Myoplus 2

NeuroTrac Myoplus Software

DESCRIPTION

- This Software is an accessory to NeuroTrac devices which have EMG or ETS functionality: MyoPlus

family and Simplex. This software facilitates and expands the user interface and features of your EMG Biofeedback / ETS unit

- Designed to be used for a wide range of physiotherapy applications
- Designed for therapist in mind. Can be used by the Patient for home training
- Used as Biofeedback assessment and training tool

CODE	DESCRIPTION
PD141	Neurotrac Myoplus Software

FORTRESS Digital Incontinence Stimulator Deluxe

DESCRIPTION

- The Fortress Digital incontinence Stimulator Deluxe has a large clear display and extremely simple operation makes this a very user friendly unit
- Has the choice of five pre-set programmes

FEATURES

- Five pre-set programmes, including:
 - A: 35Hz Stress Incontinence
 - B: 40hz Stress Incontinence
 - C: Urge Incontinence
 - D: Maintenance of Pelvic Floor
 - E: Endurance Building

CODE	DESCRIPTION
PD101	Digital Incontinence Stimulator Deluxe

NeuroTrac Obstetric TENS

DESCRIPTION

- TENS Pain Relief in Labour
- Dual channel, simple and non-invasive method to decrease pelvic pain when in

CODE	DESCRIPTION
PD142	Neurotrac Obstetric TENS

NeuroTrac PelviTone

DESCRIPTION

- Dual Channel stimulator unit designed for Pelvic Floor Exercise
- 3 custom programmes plus 9 Preset Continence programs

CODE	DESCRIPTION
PD143	Neurotrac PelviTone

NeuroTrac Continence

DESCRIPTION

- Suitable for urinary or rectal incontinence
- Digital Dual Channel STIM unit
- 9 Built in programmes for ease of use

CODE	DESCRIPTION
PD144	Neurotrac Continence

labour.

- Use the remote switch button to trigger Boost and Burst modes.
- BOOST - High frequency programme to trigger pain gate mechanism, to be used during labour contractions.
- BURST - Used in between of labour contraction

Self Adhesive Electrode

DESCRIPTION

- Best quality
- Fortress Extra Long Lasting Self-Adhesive Electrodes with Multi-Stick Gel
- The Fortress high quality carbon film adhesive electrodes used for TENS, EMS and IFC are coated with Multi-Stick Gel
- Fortress High Quality electrodes feature durable reuse life, no residue and strong and even current connection
- Excellent quality-with value for money
- All Fortress electrodes are supplied in re-usable, sealed pack, each pack containing 4 electrodes

CODE	DESCRIPTION	SIZE
PD102	Self Adhesive Electrode	50mm x 50mm
PD103	Self Adhesive Electrode	50mm x 100mm
PD104	Self Adhesive Electrode	32mm Diameter
PD105	Self Adhesive Electrode	40mm x 80mm
PD106	Self Adhesive Electrode	50mm Diameter
PD107	Self Adhesive Electrode	50mm x 90mm
PD145	Self Adhesive Electrode	75mm Diameter
PD108	Self Adhesive Electrode	40mm x 40mm

Rubber Electrodes

DESCRIPTION

- The Fortress Silicone Rubber Electrodes feature low impedance and economic cost
- Fortress Rubber Electrodes are suitable for most forms of electrotherapy with universal fitting
- Can be used with conductive gel and secured tape patches, or used with self-adhering conductive pads or envelope sponges

CODE	DESCRIPTION	SIZE
PD179	Rubber Electrodes	45mm x 50mm
PD180	Rubber Electrodes	45mm Diameter
PD181	Rubber Electrodes	50 x 90mm

PALS Platinum Electrodes

DESCRIPTION

- PALS® patented conductive cloth neurostimulation electrodes provide the ultimate in flexibility and conformity to ensure optimal current distribution

- PALS® electrodes were one of Axelgaard's first product lines, which revolutionized neurostimulation electrode performance with their patented stainless steel knit fabric design
- This design allows PALS® electrodes to maintain flexibility while maximizing conformity to any body surface

CODE	DESCRIPTION	SIZE	QTY
SU392	PALS Platinum Electrodes	50mm X 50mm	PKT OF 4
SU393	PALS Platinum Electrodes	50mm X 90mm	PKT OF 4

PALS Platinum ValuTrobe® Electrodes

DESCRIPTION

- ValuTrobe® Cloth neurostimulation electrodes provide a superior quality electrode at an economical price
- Every lead wire interface is customized

for each electrode to optimize current distribution for all of the various shapes and sizes. Features patented multi-layer MultiStick® hydrogel, ValuTrobe® electrodes are known for their durability and multiple applications to the skin

CODE	DESCRIPTION	SIZE	QTY
SU394	Valutrobe Electrodes Square	50mm x 50mm	PKT OF 4
SU395	Valutrobe Electrodes Round	50mm	PKT OF 4
SU396	Valutrobe Electrodes Rectangle	100mm x 50mm	PKT OF 4

Electrodes

DESCRIPTION

- Little PALS® patented neonatal pediatric electrodes are a revolutionary

advancement in neonatal apnea, electrocardiogram (ECG), and electromyogram (EMG) biofeedback monitoring

- These electrodes provide the adhesion, pliability, and sensitivity to meet the needs of infant patients as well as the nursing staff
- Little PALS® offer increased resistance to heat, humidity, and dry-out conditions

CODE	DESCRIPTION	SIZE	QTY
SU397	Little Pals Electrodes Dual Snap	22mm x 28mm	6 pack
SU398	Little Pals Electrodes Pre Wired	22mm x 28mm	6 pack

CODE	DESCRIPTION

FORTRESS Vaginal Probe

CODE	DESCRIPTION
PD111	Vaginal Probe

FORTRESS Rectal Probe

CODE	DESCRIPTION
PD112	Rectal Probe

FORTRESS Lead Wires

CODE	DESCRIPTION
PD110V	Fortress Lead Wires

DESCRIPTION

- MultiStim Stim Electrodes are Available in Cloth or Foam, in a Variety of Shapes and Sizes
- Economical Stim Electrodes that Do Not Sacrifice Adhesion or Performance
- Gel Formulation Produces Electrodes with Maximum Dry-Out Resistance
- Optimum Distribution of Electrical Current throughout the Electrode's Surface
- All Richmar Electrodes are proudly made in the USA

Richmar® MultiStim Electrodes

CODE CLOTH	CODE FOAM	DESCRIPTION
PD146	PD153	2" (5 cm) Round Electrodes

Aquasonic 100 Gel - Clear

DESCRIPTION

- World Standard for Medical ultrasound Transmission, Aquasonic 100 is the widely

used gel for diagnostic therapeutic medical ultrasound

- Recommended for all procedures where a viscous gel is required

FEATURES

- Acoustically correct for the broad range of frequencies used
- Fragrance and colour free

CODE	DESCRIPTION	SIZE
TP908	Aquasonic 100 Clear Gel with Dispenser Bottle	5 Litre

Aquasonic 100 Gel - Blue

DESCRIPTION

- World Standard for Medical ultrasound Transmission, Aquasonic 100 is the widely

used gel for diagnostic therapeutic medical ultrasound

- Recommended for all procedures where a viscous gel is required

FEATURES

- Acoustically correct for the broad range of frequencies used
- Completely aqueous, will not stain clothing or damage transducers

CODE	DESCRIPTION	SIZE
TP904	Aquasonic 100 Blue Gel with Dispenser Bottle	5 Litre
TP901	Aquasonic 100 Blue Gel Dispenser Bottle	250ml

GelShot™ Ultrasound Gel Shots

DESCRIPTION

- The new electrodes for Ultrasound units
- No more mess and discomfort

- Superior coupling performance
- Sterile through treatments
- Better contact
- Lower application cost

CODE	DESCRIPTION
TP576	Gel Shot 5cm- Box of 96 Shots
TP577	Gel Shot Applicator 5cm

Massage Lotion

DESCRIPTION

- A professional grade massage lotion, which is non-conductive, non-greasy and non-scented
- Professional grade
- Fragrance and colour free
- Suitable for all skin types

CODE	DESCRIPTION	SIZE
TP575V	Massage Lotion	1 Litre

Spectra 360 Electrode Gel

DESCRIPTION

- The only salt-free and chloride-free electrically conductive gel, recommended for all electromedical procedures
- Salt-free characteristics make it particularly suitable for long term applications
- Spectra 360 differs significantly from all other electrically conductive

media, it works by wetting the skin, thereby reducing the skin resistance

CODE	DESCRIPTION	SIZE
TP914	Spectra 360 Electrode Gel	250g
TP913	Spectra 360 Electrode Gel	60g

Tensive Conductive Adhesive Gel

DESCRIPTION

- Safe, non-flammable, odourless, conductive and adhesive gel.
- Recommended for TENS, EMS, EEG and other electromedical procedures
- Non-flammable, no solvent odour
- Hypoallergenic, bacteriostatic, non-irritating
- Water soluble easily removed with water
- Best adhesive gel available

FEATURES

- Eliminates tape and tape irritation

CODE	DESCRIPTION	SIZE
TP917	Tensive Conductive Adhesive Gel	50g

TREATMENT FURNITURE

Paramount 2 Section Treatment Table

FEATURES

- Electric Hi-Lo
- Retractable heavy duty castors
- Levelling Feet
- Low Height: 46cm
- Weight Capacity: 225kgs

CODE	DESCRIPTION

HeartSine® Defibrillator SAM 350P

DESCRIPTION

This unit is for all ages and abilities. The HeartSine Samaritan PAD 350P defibrillator is compact and easy to use, as well as being semi-automatic. At only 2.4lbs, it is lighter and smaller than other defibrillators. Two button operation with step-by-step guidance makes it easy to use. Has a combined battery and electrodes as well as one expiration date to follow, monitor and replace.

CODE	DESCRIPTION
RES409	HeartSine Defibrillator SAM 350P with Adult Pads and Battery
PW505	Wall Mounted Defibrillator Cabinet - Red

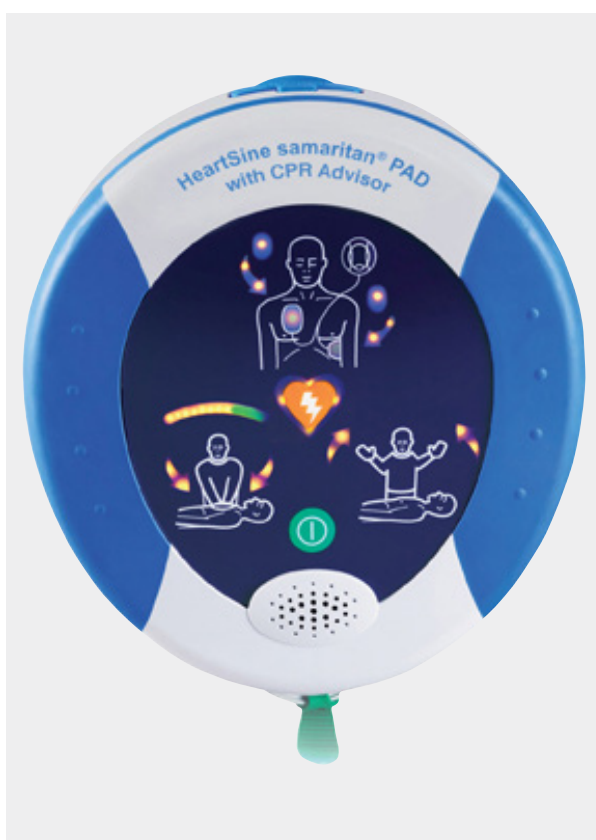

HeartSine® Defibrillator SAM 500P

DESCRIPTION

Featuring a unique CPR Advisor™ program, the HeartSine Samaritan PAD 500P is capable of providing audible and verbal feedback to rescuers on the effectiveness of the cardiopulmonary resuscitation (CPR) being provided to the patient. The SAM 500P uses both ECG analysis and innovative ICG technology to analyse the effectiveness and rate of compressions given. Based on these interpretations, the device will advise the rescuer to push harder, faster or slower as appropriate, providing user reassurance.

CODE	DESCRIPTION
RES420	HeartSine Defibrillator SAM 500P with Adult Pads and Battery
PW505	Wall Mounted Defibrillator Cabinet - Red

Non-Adherent Dressing

FEATURES

- Perforated film surface to prevent the pad sticking to the wound
- Highly absorbent designed to draw moisture away
- Sterile, individually wrapped, and ready to use in a convenient dispenser box
- Dressing has a cushioned protection

CODE	DESCRIPTION	QTY
WC227	Non-Adherent Dressing 5cm x 5cm	Box of 50
WC228	Non-Adherent Dressing 7.5cm x 7.5cm	Box of 50
WC229	Non-Adherent Dressing 10cm x 10cm	Box of 50

Cutilin* Low Adherent Dressing

FEATURES

- Dressing has a perforated film surface which prevents the pad sticking to the wound
- Highly absorbent designed to draw moisture away
- Sterile, individually wrapped, and ready to use in a convenient dispenser box
- Dressing has a cushioned protection

CODE	DESCRIPTION	QTY
WC162	Cutilin* Low Adherent Dressing 10cm x 10cm	Box of 100
WC161	Cutilin* Low Adherent Dressing 10cm x 10cm	Box of 100

Atrauman. Impregnated Dressing

FEATURES

- Convenient long plaster which can be cut to the required length
- An elastic polyester net with a central pad, is non-adherent and has high absorption capacity

CODE	DESCRIPTION	QTY
WC898	Impregnated Dressing 7.5cm x 10cm	Box of 10
WC901	Impregnated Dressing 7.5cm x 10cm	Box of 50
WC998	Impregnated Dressing 5cm x 5cm	Box of 10

ADAPTIC[®] Non Adhesive Impregnated Dressing

FEATURES

- Designed to provide atraumatic protection to the wound while allowing exudate to pass through its weave without clogging
- Designed to reduce the opportunity for tissue to granulate between the fibres, therefore protecting the tissue on removal
- Petrolatum emulsion and the dressing's knitted structure prevent adherence and protect the wound

CODE	DESCRIPTION	QTY
WC930	Non Adhesive Dressings 7.6cm x 7.6cm	Box of 50

ADAPTIC®

Digit Dressing

DESCRIPTION

- Adaptic Non-Adhering Dressing is designed to provide atraumatic protection to the wound while allowing exudate to pass through its weave without clogging
- Designed to reduce the opportunity for tissue to granulate between the fibres, protecting the tissue on removal. Petrolatum emulsion and the dressing's knitted structure prevent adherence and protect the wound

CODE	DESCRIPTION	QTY
WC135	Adaptic Digit Dressing Large	Box of 10

smith&nephew

Melolin* Absorbent Dressing

DESCRIPTION

- A low-adherent absorbent dressing used for the management of a wide variety of light to moderately exuding wounds including clean sutured wounds, abrasions, lacerations and minor burns
- Melolin* consists of three layers - Low adherent perforated film, highly absorbent cotton/acrylic pad and hydrophobic backing layer

CODE	DESCRIPTION	QTY
WC450	Melolin* Absorbent Dressing 5cm x 5cm	Box of 100
WC451	Melolin* Absorbent Dressing 10cm x 10cm	Box of 100
WC452	Melolin* Absorbent Dressing 10cm x 20cm	Box of 100

smith&nephew

Melolite* Absorbent Dressing

DESCRIPTION

- Melolite* consists of a highly absorbent cotton and acrylic fibre pad which is heat bonded on one side to a very thin perforated polyester film. The film side of the dressing is placed next to the wound

CODE	DESCRIPTION	QTY
WC470	Melolite* Absorbent Dressing 5cm x 7.5cm	Box of 100

Non-Woven Sterile Swabs

FEATURES

- High quality non woven swabs
- Individually packaged in easy peel pouches
- Easy dispenser box to maximise nurse convenience

CODE	DESCRIPTION	SIZE
WC251	Non-Woven Sterile Swabs 7.5cm x 7.5cm (Pouch 2)	Box of 50
WC252	Non-Woven Sterile Swabs 7.5cm x 7.5cm (Pouch 5)	Box of 50
WC895	Sterile Plain Gauze 8-Ply 10cm x 10cm (Pouch 5)	Box of 50

Propax®

Gauze Swabs Plain Sterile

FEATURES

- Propax sterile gauze swabs
- Each peelable pouch contains five swabs

CODE	DESCRIPTION	SIZE
WC138	Gauze Sterile Swabs 10cm x 10cm	Pack of 5
WC991	Gauze Sterile Swabs 7.5cm x 7.5cm	Pack of 5

Anaesthesia Gauze Green Non Sterile 12-Ply

FEATURES

- Manufactured to BP and EN 14079 standards
- 100% cotton and are ideal for use in skin cleaning, wound debridement and as a dress pack component

CODE	DESCRIPTION	SIZE
WC640	Gauze Green Non Sterile 12-Ply 7.5cm x 7.5cm	Pack of 100

Opsite® Flexifix Film Roll

FEATURES

- Transparent, conformable and comes in a unique roll format
- This film is waterproof and aids in the prevention of bacterial contamination
- Its high moisture vapor permeability helps prevent the accumulation of perspiration and fluid under the dressing
- The acrylic adhesive minimises the risk of skin damage on removal, especially after long periods of wear
- Adaptable to awkward areas - Opsite® Flexifix has been designed to allow easy application of the film to awkward areas of the body and over dressings and tubes

CODE	DESCRIPTION	QTY
WC690	Opsite® Flexifix Film Roll 5cm x 10m	Each
WC691	Opsite® Flexifix Film Roll 10cm x 10m	Each
WC678	Opsite® Flexifix Film Roll 15cm x 10m	Each

Opsite® Flexigrid Film Dressing

FEATURES

- Transparent, adhesive film, with a unique wound measurement grid
- The film is moisture vapor permeable, conformable and extensible
- Opsite® Flexigrid has set the standard in moist wound healing by retaining the natural wound exudate and provides a high moisture vapor permeability that allows excess exudate to evaporate, helping prevent skin maceration
- Dressing can be left in place for up to seven days which minimises wound interference and reduces nursing time
- Resistant to water and body fluids, allowing the patient to bathe without changing dressings. It also aids in the prevention of bacterial contamination
- Has been designed to be adaptable for use on all areas of the body. It can be easily cut into strips or shapes for application to awkward areas such as heels, elbows and knees

CODE	DESCRIPTION	QTY
WC680	Opsite® Flexigrid Film Dressing 6cm x 7cm	Box of 100
WC682	Opsite® Flexigrid Film Dressing 10cm x 12cm	Box of 50
WC684	Opsite® Flexigrid Film Dressing 12cm x 25cm	Box of 20
WC683	Opsite® Flexigrid Film Dressing 15cm x 20cm	Box of 10

Opsite* Flexifix Gentle Film Dressing

DESCRIPTION

- Breathable and transparent with a seven day wear time
- Easily removable without disrupting fragile skin layers or causing patients undue pain
- This dressing combines all the benefits of Opsite* film, with a gentle silicone gel adhesive that enables the dressing to be lifted and repositioned without losing adherent properties
- Shower and bacteria proof with a low friction film

CODE	DESCRIPTION	QTY
WC218	Opsite* Flexifix Gentle Film Dressing 2.5cm x 5m	Each
WC217	Opsite* Flexifix Gentle Film Dressing 5cm x 5m	Each
WC219	Opsite* Flexifix Gentle Film Dressing 10cm x 5m	Each

Tegaderm Roll Transparent Dressing

DESCRIPTION

- Provides maximum versatility and a cost effective choice for skin protection and waterproof cover dressings
- Waterproof backing provides a bacterial and viral barrier to outside contaminants and allows the patient to shower
- Transparent roll can be cut and customised to desired length
- Laboratory testing has proven 3M Tegaderm and Tegaderm HP Transparent Dressings provide a viral (HIV-1 and HBV) barrier while dressings remain intact without leakage

CODE	DESCRIPTION	QTY
WC692	Tegaderm Roll Transparent Dressing 5cm x 10cm	Each
WC693	Tegaderm Roll Transparent Dressing 10cm x 10cm	Each
WC696	Tegaderm Roll Transparent Dressing 15cm x 10cm	Each

Euroderm Film Roll

DESCRIPTION

- Euroderm Roll is an adhesive PU film roll which combines the advantages of Euroderm film with the practical format. It is flexible, conformable to irregular parts of the body and can be easily cut in any required sizes. It has been designed for an easy fixation of primary dressings and allows the skin to breathe
- Euroderm Roll is indicated for: retention of primary dressings, such as Eurodressing, Hydromed or Silvermed s.b. Fixation of tubing. Skin protection under drainage bags, stoma devices etc.

CODE	DESCRIPTION	QTY
WC688	Eurofarm Euroderm Film Roll 5cm x 10cm	Each
WC689	Eurofarm Euroderm Film Roll 10cm x 10cm	Each

Opsite® Post-Op Wound Dressing

DESCRIPTION

- Waterproof and bacteria proof adhesive dressing consisting of a highly absorbent low adherent pad (like Melolin®), covered by an advanced highly breathable film
- Low allergy adhesive; a unique grid pattern adhesive minimising the risk of an allergic response
- Low adherence; the wound contact layer enables exudate to pass through to allow minimal trauma on removal

CODE	DESCRIPTION	QTY
WC650	Opsite® Post-Op Wound Dressing 6.5cm x 5cm	Box of 100
WC651	Opsite® Post-Op Wound Dressing 9.5cm x 8.5cm	Box of 20
WC652	Opsite® Post-Op Wound Dressing 12cm x 10cm	Box of 10
WC653	Opsite® Post-Op Wound Dressing 15.5cm x 8.5cm	Box of 20
WC654	Opsite® Post-Op Wound Dressing 20cm x 10cm	Box of 20

Opsite® Post-Op Visible Dressing

DESCRIPTION

OpSite® Post-Op Visible is a transparent film with a unique see-through absorbent pad. The highly breathable film is waterproof and bacteria-resistant, and the unique lattice structure foam pad enables regular wound assessment without the need to lift or remove the dressing. OpSite® Post-Op Visible is ideal for moderately exuding wounds including surgical wounds, lacerations and abrasions. The low allergy adhesive reduces the risk of irritation and keeps the dressing in place, even over awkward contours.

CODE	DESCRIPTION	QTY
WC154	Opsite® Post-Op Visible Dressings 8cm x 10cm	Box of 10
WC155	Opsite® Post-Op Visible Dressings 15cm x 10cm	Box of 20
WC160	Opsite® Post-Op Visible Dressings 20cm x 10cm	Box of 20
WC169	Opsite® Post-Op Visible Dressings 25cm x 10cm	Box of 20
WC174	Opsite® Post-Op Visible Dressings 30cm x 10cm	Box of 20

Euroderm Transparent Dressing

DESCRIPTION

- Sterile post-operative island dressing in PU with an absorbent and non-adherent highly absorbent central pad
- The non-adherent pad surface allows a painless removal of the dressing. The clear film consents to monitor the level of exudate in the pad
- Indicated for post-operative wounds, lacerations and abrasions

CODE	DESCRIPTION	QTY
WC816	Euroderm Plus Transparent Dressing 5cm x 7cm	Box of 100
WC814	Euroderm Plus Transparent Dressing 6cm x 7cm	Box of 100
WC812	Euroderm Plus Transparent Dressing 6cm x 9cm	Box of 50
WC810	Euroderm Plus Transparent Dressing 10cm x 10cm	Box of 50
WC808	Euroderm Plus Transparent Dressing 12cm x 7cm	Box of 50

3M

Tegaderm + Pad Dressings

FEATURES

- All-in-one sterile dressing which reduces application time. A bacterial and viral barrier which helps prevent external bacteria and contaminants from entering the site
- Waterproof dressing which conforms to body contours
- Breathable film allows skin to function normally with good exchange of moisture vapour and oxygen. Provides moist wound environment to enhance healing and lessen pain. Laboratory testing has proven 3M Tegaderm and Tegaderm HP Transparent Dressings provide a viral (HIV-1 and HBV) barrier while dressings remain intact without leakage
- Post-surgical dressings - especially on areas where swelling or movement is expected
- Design for light to moderately draining wounds

CODE	DESCRIPTION	QTY
WC720	Tegaderm + Pad Transparent Dressing Non Adherent 5cm x 7cm	Box of 50
WC721	Tegaderm + Pad Transparent Dressing Non Adherent 6cm x 10cm	Box of 50

WC180	Tegaderm + Pad Sterile Dressing 9cm x 25cm	Box of 25

3M

Tegaderm Transparent Film

FEATURES

- All-in-one sterile dressing which reduces application time. Contains a bacterial and viral barrier helps prevent external bacteria and contaminants from entering the site. A waterproof barrier – patient may bathe or shower without removing dressing. Conforms to body contours, providing comfort. Available in film dressing only, or with film dressing and non-adherent absorbent pad. Breathable film allows skin to function normally with good exchange of moisture vapour and oxygen. Provides moist wound environment to enhance healing and lessen pain. Laboratory testing has proven Tegaderm HP Transparent Dressings provide a viral (HIV-1 and HBV) barrier while dressings remain intact without leakage
- Post-surgical dressings - especially on areas where swelling or movement is expected
- Superficial and partial thickness wounds
- Lacerations, abrasions and burns
- Light to moderately draining wounds

CODE	DESCRIPTION	QTY
WC715	Tegaderm Transparent Film 6cm x 7cm	Box of 100
WC716	Tegaderm Transparent Film 10cm x 12cm	Box of 50
WC719	Tegaderm Transparent Film 15cm x 20cm	Box of 10

Medihoney Antibacterial Wound Gel

FEATURES

- Naturally cleans the wound of bacteria, dead tissue, dirt and debris by drawing it into the dressing
- Reduces the risk of infection
- Creates a moist, low pH environment that promotes wound healing
- Suitable for use on burns, cuts, grazes and surgical wounds. It can also be used on pressure, venous, and leg and foot ulcers
- Suitable for all stages of wound healing

CODE	DESCRIPTION	QTY
A104	Comvita Medihoney Antibacterial Med Honey 50gm	Each

Actilite Low Adhesive Dressing Honey Impregnated

FEATURES

- A light viscose net dressing coated with 99% antibacterial Manuka Honey and 1% Manuka Oil
- Actilite is a light, non adherant dressing ideal for infection prevention

CODE	DESCRIPTION	QTY
WC517	Actilite Low Adhesive Dressing Honey Impregnated 10cm x 10cm	Box of 10

Cuticerin* Impregnated Gauze

DESCRIPTION

- Cuticerin* is a low-adherent wound contact layer
- Made from smooth acetate fabric, with a defined mesh size, coated with water-repelling ointment. Due to the reduced risk of granulation tissue growing through the dressing, removal of Cuticerin* is less traumatic for the patient
- Cuticerin* is ideal for dressing wounds with superficial skin loss e.g. burns, abrasions, split-thickness skin graft donor sites

CODE	DESCRIPTION	QTY
WC103	Cuticerin* Impregnated Gauze 7.5cm x 7.5cm	Box of 50
WC165	Cuticerin* Impregnated Gauze 7.5cm x 20cm	Box of 50

Jelonet* Paraffin Gauze

DESCRIPTION

- Jelonet* is a soft paraffin dressing, providing a soothing, non-stick layer which allows the wound to drain

CODE	DESCRIPTION	QTY
WC700	Jelonet* Paraffin Gauze 5cm x 5cm	Box of 50
WC701	Jelonet* Paraffin Gauze 10cm x 10cm	Box of 10
WC703	Jelonet* Paraffin Gauze 10cm x 40cm	Box of 10

Paranet Gauze Dressing

DESCRIPTION

- Paraffin type which is impregnated with a soft yellow BP
- Dressing has an open mesh cloth

CODE	DESCRIPTION	QTY
WC705	Vernon Carus Paranet 5cm x 5cm (Tin of 36)	Each
WC706	Vernon Carus Paranet 10cm x 10cm (Tin of 36)	Each

Duoderm Hydrocolloid Dressing

FEATURES

- Duoderm CGF dressing is a hydrocolloid, moisture-retentive wound dressing used for partial & full-thickness wounds with exudate
- A unique ConvaTec hydrocolloid formulation that distinguishes it from other hydrocolloid dressings
- Duoderm CGF dressing is ideal for use on dermal ulcers

including full-thickness wounds, pressure ulcers (Stage II-IV), leg ulcers, superficial wounds, partial thickness burns and donor sites

CODE	DESCRIPTION	QTY
WC981	Duoderm Hydrocolloid Dressing CGF 10cm x 10cm	Each
WC941	Duoderm Extra Thin 10cm x 10cm	Box of 10
WC917	Duoderm Extra Thin Spots 40mm	Box of 20
WC919	Duoderm Extra Thin 4.8cm x 9.7cm	Box of 20

Replicare* Hydrocolloid Dressing

FEATURES

- Replicare* Ultra consists of a layer of hydrocolloid (liquid absorbing particles in an elastic, self-adhesive mass), covered on the upper side by a semi-permeable polyurethane film
- Replicare* Ultra conforms well to patients' contours. Replicare* Ultra is easy to use, even in awkward areas such as the heel, toes and sacrum

CODE	DESCRIPTION	QTY
WC175	Replicare* Adhesive Ultra Hydrocolloid Dressing 10cm x 10cm	Box of 10
WC176	Replicare* Adhesive Thin Hydrocolloid Dressing 5cm x 7cm	Box of 10
WC177	Replicare* Adhesive Thin Hydrocolloid Dressing 9cm x 14cm	Box of 10
WC178	Replicare* Adhesive Thin Hydrocolloid Dressing 15cm x 20cm	Box of 5

NU-DERM® Hydrocolloid Dressing

FEATURES

- Nu-Derm hydrocolloid wound dressings are designed to help maintain a moist wound environment on non to moderately exuding wounds
- The top layer is either a semi-permeable polyurethane film (border and thin), or a film-coated polyurethane foam (standard)
- The dressings are waterproof

- and remain in place during showering
- The Nu-Derm hydrocolloid wound dressings consist of a

wound contact layer of hydrocolloid and come in a variety of shapes and sizes

CODE	DESCRIPTION	QTY
WC768	Nu-Derm Hydrocolloid Dressing 5cm x 5cm	Each
WC773	Nu-Derm Hydrocolloid Thin Dressing 10cm x 10cm	Box of 10
WC770	Nu-Derm Hydrocolloid Dressing 15cm x 15cm	Each
WC771	Nu-Derm Hydrocolloid Sacral Dressing 15cm x 18cm	Each

Tegaderm Hydrocolloid Dressing

FEATURES

- Laboratory testing has proven 3M Tegaderm and Tegaderm HP Transparent Dressings provide a viral (HIV-1 and HBV) barrier while dressings remain intact without leakage
- Dimensions of dressing listed, includes hydrocolloid and film backing. Thin, absorbent and highly conformable

CODE	DESCRIPTION	QTY
WC106	Tegaderm Hydrocolloid Dressings Oval 10cm x 12cm	Box of 5

Johnson & Johnson Inadine Dressings

FEATURES

- The dressing may be changed up to two times daily in the initial phase or with highly infected wounds or a wound producing large amounts of exudate
- Moistening the dressing with saline will assist removal from the wound
- The use of Inadine dressing may be continued for as long as signs of infection or particular threat of infection of the wound area are present
- If infection recurs the use of Inadine dressing can be resumed and continued at any time

CODE	DESCRIPTION	QTY
WC945	Inadine Dressings 5cm x 5cm	Box of 25
WC944	Inadine Dressings 9.5cm x 9.5cm	Box of 25

smith&nephew Iodosorb* Cadexomer Dressing

FEATURES

- Iodosorb* removes barriers to healing by its dual action antimicrobial and desloughing properties. The broad spectrum antimicrobial action is provided by the sustained release of iodine and the desloughing action is provided by the unique cadexomer matrix

CODE	DESCRIPTION	QTY
WC902	Iodosorb* Dressing 4cm x 6cm 5g	Box of 5
WC903	Iodosorb* Ointment Tube 10g	Each

Eurosorb Alginate Dressings

FEATURES

- Highly absorbent sterile, conformable dressing, composed of calcium alginate fibres
- In contact with exudate, Eurosorb forms a biocompatible gel that maintains a physiological moist environment, stimulating the healing process and the formation of granulation tissue

CODE	DESCRIPTION	QTY
WC756	Eurosorb Alginate Dressing 5cm x 5cm	Box of 10
WC757	Eurosorb Alginate Dressing 10cm x 10cm	Box of 10

Algisite* M Calcium Alginate Dressing

FEATURES

- Forms a soft gel that absorbs when it comes into contact with wound exudate
- Algisite M helps utilize the proven benefits of moist wound management

CODE	DESCRIPTION	QTY
WC744	Algisite* M Calcium Alginate Dressing 5cm x 5cm	Box of 10
WC751	Algisite* M Calcium Alginate Dressing 10cm x 10cm	Box of 10
WC850	Algisite* M Calcium Alginate Rope Dressing 2cm x 30cm (2g)	Box of 5

Tegaderm High-Integrity Alginate Dressing

FEATURES

- Gel forming for optimal moist wound healing and allowing for atraumatic removal
- Absorbent - for use on moderate to heavily exuding wounds

CODE	DESCRIPTION	QTY
WC924	Tegaderm High-Integrity Alginate Dressing 30.4cm Rope	Box of 5

Kaltostat Calcium Alginate Dressing

FEATURES

- Kaltostat Calcium Sodium Alginate dressing is an alginate dressing to be used as a primary dressing for moderately to highly exuding chronic and acute wounds, and minor wounds
- On contact with exudates the dressing gradually forms a firm, moist gel which is highly absorbent

CODE	DESCRIPTION	QTY
WC779	Kaltostat Calcium Alginate Dressing 5cm x 5cm	Each
WC186	Kaltostat Calcium Alginate Dressing 7.5cm x 12cm	Each

ETHICON

Surgicel Absorbable Haemostat

DESCRIPTION

- The first and only absorbable hemostats proven bactericidal against a broad range of gram-positive and gram-negative organisms including various antibiotic-resistant bacteria (MRSA, VRE, PRSP and MRSE)
- Proprietary oxidized regenerated cellulose (ORC) technology designed to ensure purity and consistency
- Plant-based product
- Fully absorbable within 7-14 days
- Flexible and malleable, can be cut to size

CODE	DESCRIPTION	QTY
ST203	Surgicel Absorbable Haemostat 5cm x 7.5cm	Each

smith&nephew

Opsite* Spray Film Dressing

DESCRIPTION

- A transparent and quick drying film
- Easy and convenient to apply
- Can be used on clean, dry surgical or surface wounds

CODE	DESCRIPTION	QTY
WC695	Opsite* Spray Film Dressing 100ml	Each

SEAL-ON

Spray-On Stop Bleed Spray

DESCRIPTION

- Stops bleeding fast
- Hypoallergenic and pH balanced
- Seal-On spray is a fine powder which rapidly absorbs blood from minor cuts and grazes to form a soft gel-like layer over the wound

CODE	DESCRIPTION	QTY
WC697	Spray-On Stop Bleed Spray 50ml	Each

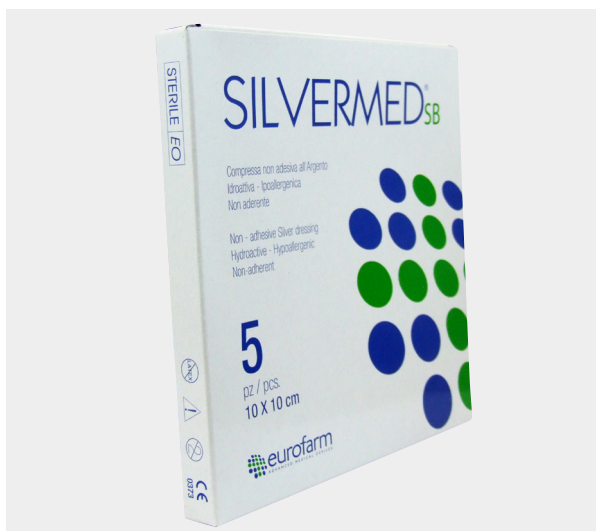

Silvermed Silver Dressing

DESCRIPTION

- Antibacterial Silver dressing combining the advanced moist wound healing technologies with silver ions
- Faster wound process healing leading to shorter hospital stays and relevant costs
- Provides an effective barrier to bacterial penetration preventing infections on wound site. Does not adhere on the wound and dressing changes are atraumatic
- Silvermed is indicated for burns, infected ulcers, pressure sores, superficial erosions by overinfection and granulating ulcers

CODE	DESCRIPTION	QTY
WC774	Silvermed Antibacterial Silver Dressing 5cm x 5cm	Box of 25
WC762	Silvermed Antibacterial Silver Dressing 10cm x 10cm without Adhesive Border	Box of 5

Tegaderm AgMesh Dressing

DESCRIPTION

- A fast-acting, long lasting antimicrobial barrier in an affordable non adhesive dressing
- Effective against a wide range of microbes, including antibiotic-resistant bacteria, yeast and fungi
- Releases silver ions to form a fast-acting antimicrobial barrier within minutes
- May be used as primary dressing or with absorbent wound fillers
- Can use with sterile saline or water, note minimal staining and non-irritating
- Easy to use, can be cut, folded or customised
- Effective up to 7 days

CODE	DESCRIPTION	QTY
WC121	Tegaderm AgMesh Silver Dressing Non Adhesive 5cm x 5cm	Box of 5
WC155	Tegaderm AgMesh Silver Dressing Non Adhesive 10cm x 12cm	Box of 5

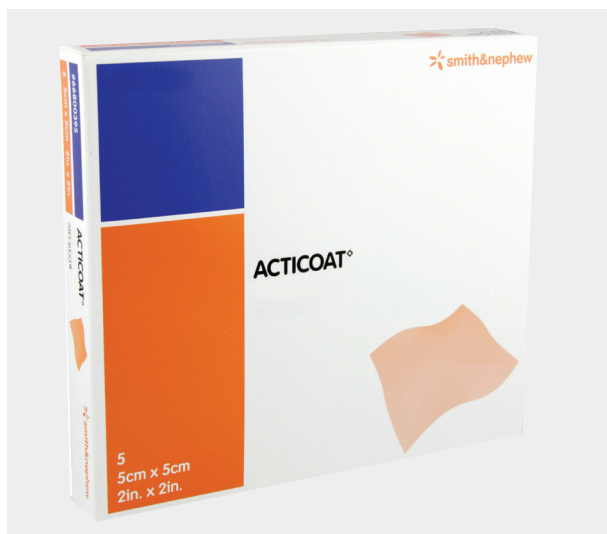

Acticoat* Flex Silver Dressing

DESCRIPTION

- Acticoat* Flex has been designed to offer a highly conformable interface between the site of injury and secondary dressing
- Protection is also provided through sustained antimicrobial performance

CODE	DESCRIPTION	QTY
WC195	Acticoat* Flex 3 Low Adherent Silver Dressing 5cm x 5cm	Box of 5
WC193	Acticoat* Flex 3 Low Adherent Silver Dressing 10cm x 10cm	Box of 12
WC194	Acticoat* Flex 7 Low Adherent Silver Dressing 10cm x 12.5cm	Box of 5

Acticoat* Dressing

DESCRIPTION

- Acticoat* (with Nanocrystalline Silver) dressing is an effective anti-microbial barrier dressing
- The nanocrystalline coating of silver rapidly kills a broad spectrum of bacteria in as little as 30 minutes
- Acticoat* dressing consists of three layers: an absorbent inner core sandwiched between outer layers of silver coated, low adherent polyethylene net
- Nanocrystalline silver protects the wound site from bacterial contamination while the inner core helps maintain the moist environment optimal for wound healing

CODE	DESCRIPTION	QTY
WC208	Acticoat* Nanocrystalline Silver Dressing 10cm x 10cm	Box of 12
WC221	Acticoat* Nanocrystalline Silver Dressing 20cm x 40cm	Box of 6
WC163	Acticoat* Nanocrystalline Silver Dressing 5cm x 5cm	Each

Atrauman®

Ag Silver Dressing Non Adhesive

DESCRIPTION

- Contains ointment dressings made of hydrophobic polyamide lattice tulle, with fibres coated with elemental silver
- Micro-biological effect against gram-negative and gram-positive bacteria for at least 7 days
- Impregnated with a neutral ointment mass without additives of vaseline or other paraffins
- Permeable to exudate, particularly soft and good drapable
- Will not adhere to the wound and effective during long-term use

CODE	DESCRIPTION	QTY
WC899	Ag Silver Dressing Non Adhesive 10cm x 10cm	Box of 10
WC904	Ag Silver Dressing Non Adhesive 5cm x 5cm	Box of 10

Micodacyn Wound Care

DESCRIPTION

- Reduces microbial load, and prevents and reduces infection
- Anti-inflammatory and anti- allergenic properties
- Stimulation of wound healing - promotes fibroblast migration and increases capillary perfusion

CODE	DESCRIPTION	QTY
WC260	Micodacyn Wound Care 120ml	Each
WC261	Micodacyn Wound Care 250ml	Each
WC262	Micodacyn Hydrogel 120g	Each
WC264	Micodacyn Hydrogel 60g	Each

smith&nephew Solosite* Wound Gel

FEATURES

- Hydrogel wound gel with preservatives
- Adds moisture to rehydrate non-viable tissue
- Absorbs exudate while retaining its structure in the wound

CODE	DESCRIPTION	SIZE
WC920	Solosite* Wound Gel	20g

smith&nephew Iodosorb* Ointment Tube

FEATURES

- Iodosorb* removes barriers to healing by its dual action antimicrobial and desloughing properties. The broad spectrum antimicrobial action is provided by the sustained release of iodine and the desloughing action is provided by the unique cadexomer matrix

CODE	DESCRIPTION	SIZE
WC903	Iodosorb* Ointment Tube	10g

smith&nephew Intrasite* Gel Applipak*

FEATURES

- Intrasite* Gel is a sterile, clear, free-flowing gel that promotes debridement, aids the removal of necrotic tissue from the wound bed without damaging granulation tissue

CODE	DESCRIPTION	SIZE
WC939	Intrasite* Gel Wound Dressing Applipak*	8g
WC940	Intrasite* Gel Wound Dressing Applipak*	15g

Johnson & Johnson Nu-Gel Hydrogel with Alginate

FEATURES

- Transparent hydro-active amorphous gel containing sodium alginate
- Creates a moist wound healing environment which assists with natural auto-debridement

CODE	DESCRIPTION	SIZE
WC983	Nu-Gel Hydrogel with Alginate	15g
WC984	Nu-Gel Hydrogel with Alginate	25g

Liquid Paraffin Sterile Tube

FEATURES

- Medicinal liquid paraffin
- Highly refined mineral oil used for medical purposes
- Product available in 5g tubes

CODE	DESCRIPTION	SIZE
WC159	Paraffin Liquid Sterile Tube	5g

Silver Nitrate Applicator

FEATURES

- Silver Nitrate Applicator 100's. 75% Silver Nitrate, 25% Potassium Nitrate 100
- Applicators per tube

CODE	DESCRIPTION	SIZE
WC102	Silver Nitrate Applicator 100s	Each

Eurosuture Strips

FEATURES

- Non-woven fabric, resistant, extendable, sterile, reinforced polyester and polyamide, nontoxic and highly ventilated offer secure guarantees of hypoallergenicity, excluding phenomena of sensitization
- The hypoallergenic and copolymer adhesive guarantees an immediate adhesion and long-term
- Designed to reduce risk of infection and minimizing the formation of scars
- Can be removed atraumatically without releasing residues
- Ideal for use in cosmetic surgery and in the departments of paediatrics and geriatrics
- Can also be used in conjunction with traditional sutures and in cases of premature removal as an aid to the healing process of the skin tissue
- Easy to apply due to the ergonomic strip design

CODE	DESCRIPTION	QTY
WC834	Eurosuture 3mm x 75mm 5 Strips Per Envelope	Box of 50
WC835	Eurosuture 6mm x 38mm 6 Strips Per Envelope	Box of 50
WC836	Eurosuture 6mm x 75mm 3 Strips Per Envelope	Box of 50

3M Steri-Strips

FEATURES

- Reinforced Strips: Provide wound support and increases tensile strength of the wound. Non-invasive design helps reduce scarring and risk of infection. Sterile, breathable and comfortable to wear. Hypoallergenic adhesive
- Elastic Strips: Non-invasive design helps reduce scarring and risk of infection. Stretches with body movement for edema. Less expensive than skin adhesives, sutures or staples. Sterile, breathable, fast application

CODE	DESCRIPTION	QTY
WC746	Steri-Strip Elastic Skin Closures 3mm x 75mm 5 Strips p/envelope	Box of 50
WC730	Steri-Strip Reinforced Adhesive Skin Closures 3mm x 75mm 5 Strips Per Envelope	Box of 50
WC733	Steri-Strip Reinforced Adhesive Skin Closures 6mm x 38mm 6 Strips Per Envelope	Box of 50
